NATIONAL LEAD POISONING PREVENTION WEEK

OCTOBER 19-25, 2014

Get The Facts

Lead from paint, chips, and dust can pose **serious health hazards**. Many homes and childcare facilities built before 1978 have lead-based paint. In children even small amounts of lead dust are enough to cause lower intelligence, behavior problems, and learning disabilities.

Call **1-800-424-LEAD** to learn more about how you can protect your family from lead poisoning.
