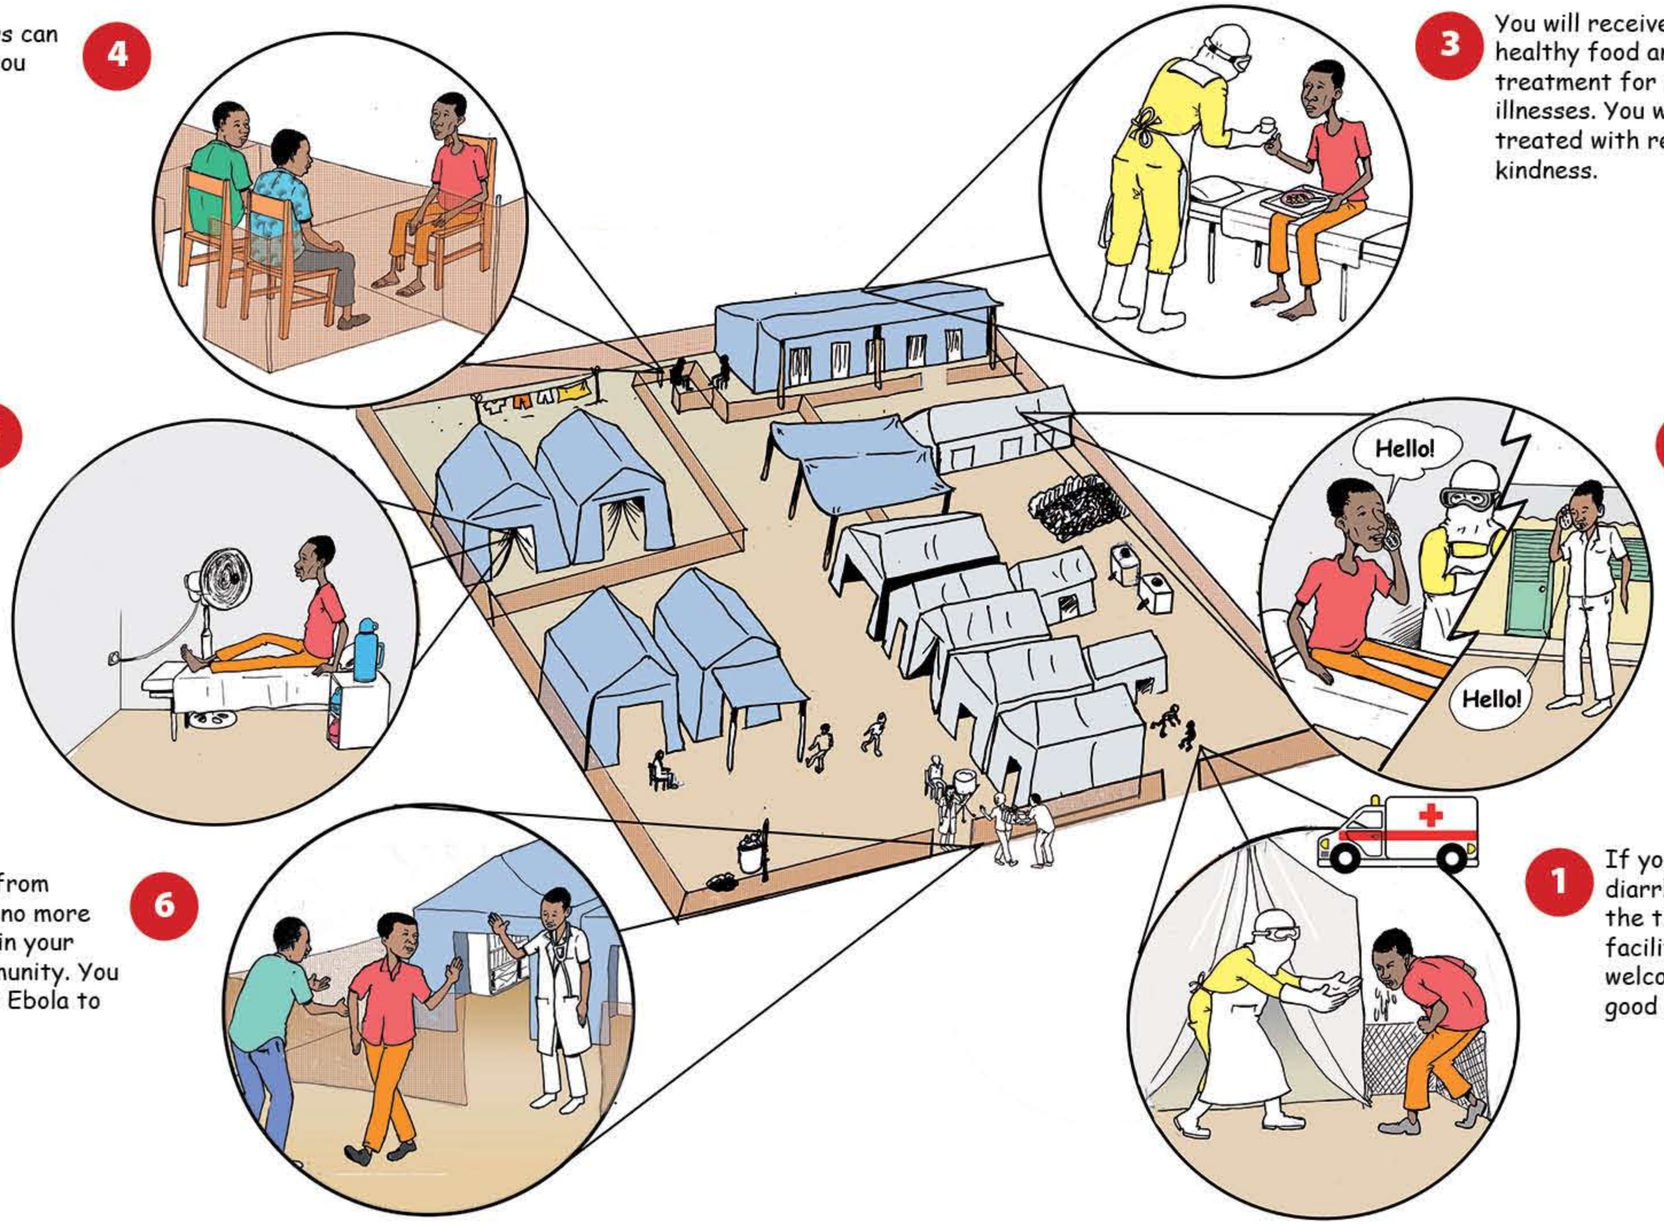
VISIT YOUR NEAREST EBOLA TREATMENT CENTRE FOR HIGH QUALITY CARE

4 Your family members can visit you and bring you food.

3 You will receive good, healthy food and treatment for other illnesses. You will be treated with respect and kindness.

5 The beds are comfortable, and the fan will keep you cool.



2 When you arrive, you can speak with your family on your own phone.

6 If you recover from Ebola, you have no more virus and can join your family and community. You cannot transmit Ebola to them.

1 If you have fever, diarrhoea, or vomiting, go the the nearest health facility. You will be welcome and will receive good care.

PROTECT YOURSELF • PROTECT YOUR FAMILY • PROTECT YOUR COMMUNITY
