US Citizens: October 5, 2017

Registration is NOT required to watch the live meeting webcast or to listen via telephone.

Public Comment Instructions [1 page]

Updated Guidance for Yellow Fever Vaccine

To avoid a lapse in yellow fever vaccine availability in the United States, the manufacturer, Sanofi Pasteur, has received approval from FDA to import Stamaril yellow fever vaccine. Stamaril is produced by Sanofi Pasteur in France and has comparable safety and efficacy to YF-Vax. See the MMWR Addressing a Yellow Fever Vaccine Shortage — United States, 2016–2017 for further information for providers regarding yellow fever vaccine.

ACIP Meeting Information

The ACIP holds three meetings each year at the Centers for Disease Control and Prevention (CDC) in Atlanta, Georgia to review scientific data and vote on vaccine recommendations. Meetings are open to the public and available online via live webcast. During committee meetings, members present findings and discuss vaccine research and scientific data related to vaccine effectiveness and safety, clinical trial results, and manufacturer's labeling or package insert information. Outbreaks of vaccine-preventable disease or changes in vaccine supply also are reviewed during these meetings. Vaccine recommendations include the age(s) when the vaccine should be given, number of doses needed, dosing interval, and precautions and contraindications to administration of vaccines.

More >

On November 9, 2017, FDA approved a new hepatitis B vaccine, HEPLISAV-B, for use in adults 18 years of age and older. HEPLISAV-B is the first licensed vaccine using a CpG adjuvant* and is administered as two doses given one month apart. Further details on this vaccine's approval can be found at Vaccines Licensed for Use in the United States.

*Cytosine phosphoguanine (CpG) 1018 adjuvant

- ACIP Voting Member, July 2017-June 2021

Ms. Cynthia Pelligrini

- Serving an additional 1 year term: July 2017-June 2018

Member Substitutions for this Meeting

Liaison Representatives

- Dr. Mike Brady, AAP COID
- Dr. Corey Robertson, PhRMA
- Amy Walker, BIO

Ex-officio Members

- Dr. Barbara Mulach, NIH
- Jillian Doss-Walker, IHS

Process for Public Comment

- Public comment period is scheduled immediately preceding each ACIP vote and at end of meeting day
  - Registration for public comments is solicited in advance of the meeting
  - Comments not presented at meeting may be submitted for inclusion in the minutes
- Individuals should limit to a single public comment, 3 minutes in total in length
  - If you wish to make a public comment, please complete a form at the back of the room

Disclosure of Conflicts of Interest

- Members of the ACIP agree to forgo participation in certain activities related to vaccines during their tenure on the committee. CDC has issued limited conflict of interest waivers as follows:

  Members who conduct vaccine clinical trials or serve on data safety monitoring boards are prohibited from participating in committee votes related to those vaccines. Regarding other vaccines of the concerned company, a member may participate in discussions, with the provision that he/she abstains on all votes related to the vaccines of that company.

- At the beginning of each meeting, ACIP members state any conflicts of interest.
