[View and Download COVID-19 Case Surveillance Public Use Data](#)

<sup>†</sup>Data will update as soon as they are reviewed and verified, oftentimes before 8 pm ET. Data will update daily as they are delayed due to delays in reported data. Data on doses of vaccine administered through the Federal Pharmacy Partnership for Long-Term Care (LTC) Program include those received by CDC as of 6:00 am ET on the day of reporting. Updates will occur the following day when reporting coincides with a federal holiday.

The Federal Pharmacy Partnership for Long-term Care (LTC) Program is a partnership between CDC and CVS, Walgreens, and Managed Health Care Associates, Inc., to offer on-site COVID-19 vaccination services to residents and staff in long-term care facilities, federal partners, including the Centers for Medicare and Medicaid Services, and professional organizations, including the American Health Care Association and LeadingAge. BioNTech had the opportunity to launch the program as early as December 2020. The program provides COVID-19 vaccine to staff and residents in skilled nursing facilities (Part A) and assisted living and other similar facilities. As of January 4, 2021, a total of 54 jurisdictions have started the program. Program start dates varied based on the jurisdiction. As of February 16, LTCF doses represent 13,451 skilled nursing facilities (Part A) and 4,306 assisted living and other similar facilities (Part B). Approximately 3.18 million doses (54%) of doses administered were given to residents and staff in skilled nursing facilities. (54%) of doses administered were given to residents and staff in assisted living and other similar facilities. As of January 4, 2021, a total of 54 jurisdictions have started the program. Program start dates varied based on the jurisdiction. As of February 16, LTCF doses represent 13,451 skilled nursing facilities (Part A) and 4,306 assisted living and other similar facilities (Part B). Approximately 3.18 million doses (54%) of doses administered were given to residents and staff in skilled nursing facilities. (54%) of doses administered were given to residents and staff in assisted living and other similar facilities.

Pharmacy partners report to CDC on doses administered as part of the Federal Pharmacy Partnership for Long-term Care (LTC) Program within 72 hours of administration.

States and territories not participating in the Federal Pharmacy Partnership for Long-Term Care (LTC) Program are shown on the map in white. These states and territories are implementing their own vaccination plans to reach LTC staff and residents.

**Definitions:**

**Total doses administered** are cumulative counts of individual COVID-19 vaccine doses administered to residents and staff in long-term care facilities participating in the Federal Pharmacy Partnership for Long-term Care (LTC) Program as reported to CDC by pharmacy partners.

**People receiving 1 or more doses** represent the total number of people who have received at least one dose of vaccine.

**People receiving 2 doses** represent the number of people who have received at least one dose of vaccine and a second dose of vaccine.

**Number of People with 1 or More Doses in Long-Term Care Facilities**

**Number of People with 2 Doses in Long-Term Care Facilities**

**Person Type**

**Residents**

**Staff**

**Not Reported**

**Number of People**
