[View and Download COVID-19 Case Surveillance Public Use Data](#)[†]Data will update as soon as they are reviewed and verified, oftentimes before 8 pm ET. However, daily updates might be delayed due to delays in reported data.Data on doses by vaccine administered through the [Federal Pharmacy Partnership for Long-term Care \(LTC\) Program](#) includes with a federal holiday.The [Federal Pharmacy Partnership for Long-term Care \(LTC\) Program](#) is a partnership between CDC and CVS, Walgreens, and Managed Health Care Associates, Inc., to offer on-site COVID-19 vaccination services for residents of nursing homes and assisted living facilities, including the [Centers for Medicare and Medicaid Services](#), and professional organizations, including the [American Health Care Association](#) and [Leading Age](#). The Program provides COVID-19 vaccine as early as December 21 for skilled nursing facilities (Part A) and assisted living and other similar facilities (Part B). Launch dates for Part A and Part B varied in across jurisdictions. As of February 21, LTC facilities across 38 states and 2,600 skilled nursing facilities (Part A) and 46,844 assisted living facilities and other similar facilities (Part B) have received COVID-19 vaccine through the Program.Pharmacy partners report to CDC doses administered as part of the [Federal Pharmacy Partnership for Long-term Care \(LTC\) Program](#) within 72 hours of administration. Data on doses administered as part of the [Federal Pharmacy Partnership for Long-term Care \(LTC\) Program](#) includes with a federal holiday.States and territories not participating in the [Federal Pharmacy Partnership for Long-term Care \(LTC\) Program](#) are shown on the map in white. These states and territories are implementing their own vaccination plans to reach LTC staff and residents.

Definitions:

Total doses administered are cumulative counts of individual COVID-19 vaccine doses administered to residents and staff in long-term care facilities as reported in the [Federal Pharmacy Partnership for Long-term Care \(LTC\) Program](#) as reported to CDC by pharmacy partners.**People receiving 1 or more doses** represent the total number of people who have received at least one dose of vaccine. **People receiving 2 doses** represent the number of people who have also received a second dose of vaccine.

** The number of people receiving 1 or more doses and the number of people receiving 2 doses were determined based on information reported to CDC by pharmacy partners on doses number, administration date, recipient ID, and date of submission. A dose number was determined for nearly all reported doses administered but, because there are some missing data for dose number, the sum of people receiving 1 or more doses and people receiving 2 doses will not exactly equal the total doses administered.

Staff and **Not resident vaccinations** could be categorized as being administered to LTC staff or residents. Overall numbers of doses administered, people receiving 1 or more doses, and people receiving 2 doses include all vaccinations through the program, including those for which staff/resident status was not reported.**Doses distributed** information for the [Federal Pharmacy Partnership for Long-term Care \(LTC\) Program](#) is no longer being provided because the distribution program has ended. Doses distributed from state allocations directly to pharmacies.Data on doses administered as part of the [Federal Pharmacy Partnership for Long-term Care \(LTC\) Program](#) includes with a federal holiday.Data on doses administered as part of the [Federal Pharmacy Partnership for Long-term Care \(LTC\) Program](#) includes with a federal holiday.Data on doses administered as part of the [Federal Pharmacy Partnership for Long-term Care \(LTC\) Program](#) includes with a federal holiday.Data on doses administered as part of the [Federal Pharmacy Partnership for Long-term Care \(LTC\) Program](#) includes with a federal holiday.Data on doses administered as part of the [Federal Pharmacy Partnership for Long-term Care \(LTC\) Program](#) includes with a federal holiday.Data on doses administered as part of the [Federal Pharmacy Partnership for Long-term Care \(LTC\) Program](#) includes with a federal holiday.Data on doses administered as part of the [Federal Pharmacy Partnership for Long-term Care \(LTC\) Program](#) includes with a federal holiday.Data on doses administered as part of the [Federal Pharmacy Partnership for Long-term Care \(LTC\) Program](#) includes with a federal holiday.Data on doses administered as part of the [Federal Pharmacy Partnership for Long-term Care \(LTC\) Program](#) includes with a federal holiday.
