CDC's Investments to Combat Antibiotic Resistance Threats

FISCAL YEAR
2020

U.S. VIRGIN ISLANDS

\$50,039

Funding for AR Activities
Fiscal Year 2020

FUNDING TO STATE HEALTH DEPARTMENTS

\$50,039

RAPID DETECTION & RESPONSE: State, territory, and local public health partners fight AR in healthcare, the community, and food.

Programs use the AR Lab Network to rapidly detect threats and then implement prevention, response, and antibiotic stewardship to stop the spread of resistant germs. Additional resources, appropriated to CDC to fight COVID-19, will also help in the fight against AR by improving infection prevention and control in healthcare facilities.

CDC provides critical support in the U.S. and abroad to protect people from antibiotic resistance.
