Supplemental Table 2. Summary of validation study results.

	Convergent Validity	Divergent Validity
Avoid ECR-RS	Positive Association with ECR-S Avoid	Non-significant association with HSI-V2
Anx ECR-RS	Positive Association with ECR-S Anx	Non-significant association with HSI-V2
RF PRFQ-A	Positive Association with AAQ-II	Non-significant association with HSI-V2
KPS	Negative Association with PSS	Non-significant association with MSBS
