

Supplemental Figure. Online mapping of COVID-19 vaccination coverage and social vulnerability by census tract — North Carolina, as of May 11, 2021

Vaccination coverage defined as the percent of persons fully vaccinated. A small area of the state is shown for example. Full statewide map available (<https://nc.maps.arcgis.com/apps/webappviewer/index.html?id=31df85b470ad49809445a2d83e80d269>). Additional details about the Social Vulnerability Index are available (https://www.atsdr.cdc.gov/placeandhealth/svi/documentation/SVI_documentation_2018.html).
