ABOUT COVID-19 VACCINES |COVID-19|

You can help stop the spread of COVID-19!

1 COVID-19 vaccines are safe and effective.

2 The shots will help protect you from getting very sick, being hospitalized, or dying.

3 You may have some side effects after you are vaccinated, like a fever, chills, sore muscles, or feeling tired. This is normal and lasts only a few days.

4 Even after you get the vaccine, protect yourself and others:
- ► Wear a well-fitting mask
- ► Stay at least 6 feet away from other people when possible
- ► Wash your hands often
