CITY OF ATLANTA

SHIRLEY FRANKLIN
MAYOR

55 TRINITY AVE, S.W
ATLANTA, GEORGIA 30335-0300

TEL (404) 330-6100

August 23, 2009

Greetings:

As Mayor of Atlanta, I am pleased to welcome you to the *Sixth National HIV Prevention Conference, "Promoting Synergy between Science and Program: Innovation and Action to End the Epidemic"* hosted by the Centers for Disease Control and Prevention (CDC).

The CDC has diligently worked to educate and promote health and safety to the public by providing reliable healthcare information. The CDC's *National HIV Prevention Conference* will allow participants to gain increased knowledge about services, opportunities and treatments that will mobilize a broader community action to fight against the HIV/AIDS epidemic.

It is my hope that the work accomplished at this conference will generate new ideas, create innovative approaches and address new research. I commend the CDC for promoting the benefits of HIV/AIDS testing and prevention to help those at risk. We are grateful for your programs that raise awareness of this pandemic.

On behalf of the people of Atlanta, thank you for your humanitarian contributions and best wishes for a successful event!

Sincerely

Shirley Franklin

Proclamation

ATLANTA CITY COUNCIL

In Recognition of the 2009 National HIV Prevention Conference

Whereas, *The Atlanta City Council is pleased and honored to welcome the 2009 National HIV Prevention Conference to the Hyatt Regency Atlanta and the Atlanta Marriott Marquis Hotels on August 23 thru August 26, 2009; and*

Whereas, *The 2009 National HIV Prevention Conference brings together the country's top governmental, community, and academic partners to share effective prevention approaches and research in HIV prevention; and*

Whereas, *The conference allows for collaborations between program practitioners and researchers in a variety of areas including behavioral interventions, biomedical interventions, monitoring the epidemic, implementing rapid and reliable tests for early HIV diagnosis, and improving access to early treatment and prevention services for persons with HIV; and*

Whereas, *About 33 million people have HIV/AIDS worldwide, according to the World Health Organization. The Centers for Disease Control and Prevention estimates that 1.1 million Americans have HIV with 56,000 new infections occurring in the U.S. each year; and*

Whereas, *In the last decade, major advances in prevention and treatment for HIV/AIDS have prolonged and improved the lives of so many, but despite this, the epidemic is far from over; and*

Whereas, *Given the epidemic's continued impact it is imperative that we all work non-stop to develop better strategies that will negate the destruction of this pernicious disease. That is why this conference is of vital significance.*

Now Therefore Be It Resolved that, We, the members of the Atlanta City Council and on behalf of the citizens of Atlanta welcome the 2009 National HIV Prevention Conference to our City and thank the many governmental, community, and academic partners for your continued research, educational initiatives and activism in stopping the spread of spread of HIV, developing new and affordable medicines for those infected and for working to someday find a cure.

Lisa M. Borders
President, Atlanta City Council

Letter from Conference Co-Chairs

August 2009

Dear Conference Participants:

Welcome to the 2009 National HIV Prevention Conference. We thank you for participating and look forward to the most exciting and ambitious conference program to date.

The Centers for Disease Control and Prevention estimates that approximately 1.1 million persons are now living with HIV in the United States, and that about one fifth of these people are unaware of their HIV infection. In fact, recent estimates show that every 9½ minutes in the U.S., someone is infected with HIV – that's someone's father, mother, brother, sister, son, daughter, friend, co-worker, or neighbor. It is more important than ever before for us to demonstrate the leadership that our nation needs from all of us to increase the number of Americans who are informed, talk about HIV with their partners and loved ones, take steps to reduce risk behaviors, and get tested for HIV.

During these challenging times, our focus on HIV prevention must be resolute. The reality is that HIV prevention still remains the best way to end the HIV/AIDS epidemic. At the individual level we must prioritize interventions aimed at promoting knowledge of serostatus, behavioral risk reduction, and linkage to high quality care for those who are HIV positive. In turn, this must be complemented by approaches that effectively address the social and structural determinants of this epidemic, including poverty, high incarceration rates, homelessness, drug abuse, poor access to health care, poor educational attainment, stigma, homophobia, racism and other forms of discrimination. We must continue to improve the effectiveness, cost-effectiveness and efficiency of our efforts through an ongoing commitment to primary and operational research, monitoring and evaluation. All of these activities will require each of us to think strategically, act locally, spend wisely and work collaboratively.

This year's conference responds to these evolving needs and realities in HIV prevention. Throughout the meeting there will be many opportunities to discuss holistic, evidence-based, innovative, effective and integrated HIV prevention research, policy, and programs. We have further developed our scientific tracks to focus comprehensively on key HIV prevention domains. In addition, we have added six new cross-cutting themes to further promote the synergy between HIV prevention science and program. These cross-cutting themes provide an exciting horizontal dimension to our conference program, facilitate integration across the tracks, and promote interdisciplinary dialogue and perspectives. We have strengthened our focus on the severe and disproportionate impact of HIV/AIDS on MSM of all races and communities of color, and it is our hope that this conference will continue to forge relationships with the most affected communities and help drive research, policy, and program in the months and years ahead.

We acknowledge the support of our partners, co-sponsors, staff, and volunteers in making this conference possible. We especially acknowledge your contributions as the people whose efforts make HIV prevention a reality – whether by delivering impactful programs, conducting research or touching the lives of those affected by, or infected with, this disease every day. While we are here together, let us recommit to HIV prevention and share, learn, and discuss the strategies that will help enhance our prevention efforts.

Thank you for being here and welcome to Atlanta – please enjoy the 2009 conference!

Welcome to the 2009 National HIV Prevention Conference

Conference Background and Purpose

Right here in the United States, nearly 30 years after the first report of a handful of cases of a nameless deadly disease among gay men in Los Angeles, every 9½ minutes someone is infected with HIV. Estimates through the end of 2006 show that there were approximately 1.1 million persons living with HIV in the U.S.; about one fifth of those with HIV have not yet been diagnosed and are unaware of their infection. The condition identified those three decades ago has become one of the deadliest epidemics in human history, killing more than 25 million people around the world, including more than 580,000 Americans through 2007. In the last decade, major advances in prevention and treatment for HIV/AIDS have prolonged and improved the lives of many, but despite this, the epidemic is far from over.

The simple fact is this: to defeat HIV and AIDS, we must work together to reduce the number of people who become infected. Prevention remains the most effective defense against HIV/AIDS. A comprehensive approach must be used to prevent the further spread of HIV infection. Comprehensive HIV prevention strategies include monitoring the epidemic to target activities; encouraging early diagnosis of HIV infection; continuing research to identify new behavioral, biomedical, and structural interventions; implementing evidence-based interventions; and, fostering linkages between prevention and treatment programs. Many governmental and non-governmental organizations at all levels collaborate to implement, evaluate, disseminate, and further develop and strengthen effective HIV prevention efforts nationwide.

This unique conference covers the entire spectrum of HIV prevention, from science to programs. It convenes HIV prevention experts and advocates from various backgrounds and communities nationwide.

Conference Purpose

Numerous governmental and non-governmental organizations have committed their support to the 2009 National HIV Prevention Conference because it offers opportunities to:

- Share effective prevention approaches and research findings among governmental, community, and academic partners in HIV prevention, and

- Strengthen collaborations between program practitioners and researchers in areas including behavioral interventions, biomedical interventions, monitoring the epidemic, implementing rapid and reliable tests for early HIV diagnosis, and improving access to early treatment and prevention services for persons with HIV.

Partner Organizations

The 2009 National HIV Prevention Conference would not have been possible without tremendous support from others. The partner organizations listed below provided invaluable assistance and guidance in making the conference a reality. We wish to extend our gratitude to the following organizations:

- Centers for Disease Control and Prevention (CDC)
- National Institutes of Health (NIH)
- National Minority AIDS Council (NMAC)
- Substance Abuse & Mental Health Services Administration (SAMHSA)
- Office on Women's Health (OWH)

Corporate Sponsors, Nonprofit Sponsors and In-Kind Donations

The conference organizers are grateful for the financial and in-kind support from the following organizations:

- NAMES Project Foundation
- The Kroger Co.

Conference Co-Chairs, Track Co-Chairs, and Liaisons

We are fortunate to have the support and expertise of the Conference Co-Chairs, Track Co-Chairs, and Liaisons who planned the program for the 2009 National HIV Prevention Conference. They sorted abstracts, defined tracks, invited speakers, and formed the final conference program.

New in 2009: Highlighting New Researchers in HIV Prevention

In a program designed to stimulate the dissemination of new ideas and innovative research among new researchers at the beginning of their careers, the 2009 National HIV Prevention Conference will for the first time highlight the novel work of new researchers in the field of HIV prevention. The Track Co-Chairs selected the first class of new researchers based on innovation, relevance, creativity, or significance of their research. All of these new researchers have conducted their previously unpublished research in the arena of HIV prevention as the lead authors and toward the completion of a degree program – or within five years of graduating from a degree program.

Please join us in congratulating this first group of New Researchers in HIV Prevention at the 2009 National HIV Prevention Conference:

Track A New Researcher: Amy Nunn

Presentation Title: HIV Risk Behaviors and Testing Outcomes among African Americans Undergoing Rapid Testing for HIV in Philadelphia

Session A16 - Prevention with Heterosexuals

Date/Time: Monday, August 24, 2009
10:30 a.m. – 12:00 p.m.

Location: Courtland - Hyatt Regency Atlanta

Track B New Researcher: Biru Yang

Presentation Title: HIV Incidence Among Individuals Testing in the Public Health Laboratory in Houston, Texas

Session A16 - Ushering in the Era of Using HIV Incidence Data for Prevention Planning

Date/Time; Monday, August 24, 2009
10:30 a.m. – 12:00 p.m.

Location: Dunwoody - Hyatt Regency Atlanta

Track C New Researcher: Benjamin Levy, MD

Presentation Title: Music Inspires Health: Empowering Results from a Concert and Multimedia HIV Prevention Campaign

Session CCT4A - Reaching People through Social Venues

Date/Time: Monday, August 24, 2009
1:30 p.m. – 3:00 p.m.

Location: Hong Kong - Hyatt Regency Atlanta

Track D New Researcher: Vanessa Johnson, JD

Presentation Title: Common Threads Training: Creating a Community of Storytellers to Combat HIV/AIDS Related Stigma

Session D10 - New Approaches with African-American Populations

Date/Time: Tuesday, August 25, 2009
3:30 p.m. – 5:00 p.m.

Location: Hanover E - Hyatt Regency Atlanta

Track E New Researcher: Nicole Alexander

Presentation Title: Effect of Legislative Changes on HIV Testing Among Pregnant Women in Rhode Island

Session E01 - In Our Reach: Eliminating Perinatal HIV Transmission in the U.S.

Date/Time: Tuesday, August 25, 2009
3:30 p.m. – 5:00 p.m.

Location: A705 - Atlanta Marriott Marquis

Track F New Researcher: Judith Tejero

Presentation Title: Factors Associated with Late HIV Testing for Latinos Diagnosed with AIDS in Los Angeles

Session F04 - Late HIV Diagnosis and Using Surveillance Data to Improve Access to Care

Date/Time: Monday, August 24, 2009
3:30 p.m. – 5:00 p.m.

Location: A704 - Atlanta Marriott Marquis

Track G New Researcher: Dana Rice

Presentation Title: Implementation of a Jail-Based Rapid HIV Screening Program - A Year in Review

Session G06 - The View from Behind Bars: Integrating Services in Correctional Settings

Date/Time: Monday, August 24, 2009
1:30 p.m. – 3:00 p.m.

Location: A706 - Atlanta Marriott Marquis

Abstract Reviewers

More than 900 abstracts were submitted for consideration to be included in the 2009 National HIV Prevention Conference. Each abstract was reviewed by five peer reviewers. We are grateful for the time and effort that the abstract reviewers dedicated to this task.

Sponsored Participants

We are pleased to provide a Sponsored Participant Program for the 2009 National HIV Prevention Conference. The generosity of donors and partner organizations has made this possible. Through the program, we are able to support the registration, transportation, and lodging of over 200 persons who otherwise would not have been able to attend the conference. Many worked for several months to organize and fund the program, review applications and select scholarship award recipients, and provide the logistical support to those traveling to the conference We are grateful for the support and leadership of the Sponsored Participant Committee.

Volunteers

We are very fortunate to have over 80 volunteers for the 2009 National HIV Prevention Conference. These are the people who have joined us to work at the conference itself. You'll know them by their lime green T-shirts and their nametags with yellow ribbons indicating they are "Volunteers." You'll find them working behind the registration desk, staffing every conference-sponsored office or lounge, attending every concurrent session, and assisting in the exhibit hall, poster sessions, and the nongovernmental organization (NGO) Village. These are the people with ready smiles asking "How can I help you?" They are talented and enthusiastic and join us here to provide services for you at the conference. From all of us on the conference staff, we extend to these volunteers our deepest appreciation for their efforts!

A Special Note

On behalf of the many individuals who worked tirelessly over the past two years to plan this conference, it is my great pleasure to welcome you to the 2009 National HIV Prevention Conference, the only national HIV conference that covers the entire spectrum of HIV prevention, from science to programs. My colleagues and I believe this year's program is particularly ambitious and hope that it proves equally challenging and rewarding for you.

This conference is the culmination of the efforts of many dedicated and talented people. It has been my honor to lead this team, who have worked endless hours on every detail in order to build a conference program that will help you become better equipped for and more passionate about your own HIV prevention work. The team is a body of creative and responsible people who believe in this conference and its potential to make a difference at the individual, local, state, national, and international levels. Without them this conference could not occur.

You will see many of these team members this week wearing a “Staff” tag on their conference badges. They are available to assist you if you have any questions or concerns. If you happen to meet a team member this week as you move through your conference program, please join me in thanking them for all of their hard work and commitment to this conference.

I want to give my personal thanks to them and have listed their names below in recognition of their great efforts.

Conference Information

Badges

Official conference badges must be worn at all times to gain and maintain access to the conference venue. Proof of registration and identity will be required to receive your conference badge. A charge may be incurred for replacement badges.

Bag Inserts

The conference organizers have provided partner organizations with the opportunity to disseminate information in the official conference bag. These materials represent only the views of the submitting organizations and are not necessarily those of the other partner organizations, co-sponsors, or donors.

Business Center

The Hyatt Regency Atlanta Hotel maintains a Business Center on the Lobby level. The Business Center is open for use from 7:00 a.m. – 7:00 p.m. (Monday-Friday) and is available to conference participants on a fee-for-service basis. The Business Center is not restricted to those registered at the Hyatt Regency Atlanta Hotel. The FedEx Office is located inside the Atlanta Marriott Marquis Hotel on the Marriott level and is open for service from 3:00 p.m. – 11:00 p.m. (Sunday); 6:30 a.m. – 11:00 p.m. (Monday-Friday); and 9:00 a.m. – 5:00 p.m. (Saturday).

NGO Village

On Monday evening, August 24, the conference will host the NGO Village. The evening will include exhibits from NGOs and community-based organizations, food and music. The NGO Village will be open from 6:00 – 8:00 p.m. in the Atrium Ballroom (on the Atrium level) at the Atlanta Marriott Marquis Hotel. The NGO Village section of this book contains a list of participants as of July 23, 2009. A more complete list will be provided at the event.

Conference Materials

Upon presentation of your registration receipt at the conference check-in area, you will receive the conference program book, abstract disc, official badge, and other materials. The program book contains helpful information about the conference venue and lists all conference activities by day, time, event, and location. The abstract disc contains over 800 peer-reviewed abstracts by U.S. and international authors. This disc organizes the abstracts in the order that they are presented in the program and also indexes them by presenting author, population, subject category, and presentation day/time.

Conference Information (Continued)

Online Continuing Education System

The conference is approved for Continuing Medical Education (CME) credits, Continuing Nursing Education (CNE) credits, Continuing Education Units (CEUs), and Certified Health Education Specialist (CHES) contact hours. These credits will be awarded free of charge. Continuing Education credit submissions will be online only. Submissions will be accepted during and after the conference via the Internet. Computers, forms, and instructions will be available during the conference in Cyber Café (Hanover A/B) on the Exhibit level of the Hyatt Regency Atlanta Hotel.

Cultural Events

"For generations, music has been an instrumental and leading force behind movements of unity, support and social healing. Therefore, it makes perfect sense that music has been compiled to address and combat a pandemic that affects each and every one of us. When words to speak are not available to express concern, understanding and pain, words set to music continue to fill voids, heal wounds and mend hearts."

Vicki Mack Lataillade, Gil Robertson, Claude Lataillade, Max Siegel—Zomba Label Group

On Sunday evening, August 23, the Opening Session will feature Panache.

• **Panache** is the small ensemble of the Atlanta Gay Men's Chorus (AGMC). Panache regularly represents AGMC at receptions, private parties, conventions, and community events where it is impractical for the full chorus to appear. Panache makes dozens of appearances throughout the year, often in musical production numbers that are always crowd pleasers. Panache's repertoire includes a variety of classical, pop, show-tune, specialty and GLBT-oriented selections.

On Sunday evening, August 23, the Co-Chairs Reception [7:00 p.m. – 9:00 p.m.] will feature the BenAdam Muzic Group; Richard D'Abreu; Mercy Myra Grundberg; and Enrique Mercado and Orquesta Lyrica.

• **BenAdam Muzic Group** has dared to plug in the creative respirator by pioneering musical masterpieces intertwining hip-hop, southern funk, soul, R&B and rock. BenAdam is made up of Quentin "QueT" Sims, Jamaul "Maul B" Brown, Donte "Don Labro" Kimbro and Brian "H.O.O.D. Holladay" Norris. With each member producing, arranging and songwriting, and with Justin "Rusty James" White audio-engineering the tracks, this group is the young soul music of this generation. BenAdam Muzic has formed a band partnership with Bullseye Entertainment and collaborated with REEC and released a top ten Billboard single "Let's Go" and "Big Blok" featuring BenAdam's own QueT and Billboard platinum producer International Postman.

• **Richard D'Abreu** performs on lead saxophone as well as acoustic piano and keyboards. "Look and Live" is the lead-off single from his long-awaited upcoming CD, "Jazz in the Spirit." It is a

Conference Information (Continued)

contemporary vocal jazz adaptation of the classic hymn, "Look and Live," originally penned in 1887 by William A. Ogden. D'Abreau's performance with a with a lush, Manhattan Transfer-style vocal arrangement.

• **Mercy Myra** a local HIV/AIDS advocate from Kenya performs songs from her album, NYISRI MALONG'O. Mercy's first musical influence was Gospel music and the inspiration to perform came from her talented musical family. Mercy debuted in the centre of Nairobi, Kenya (East Africa). She has performed in groups such as CALABASH and Destinee that toured successfully throughout Kenya. She later joined Bruce Odhiambo, and Gido Kibukosya, in a band called Black Ice and recorded the song- AFRICAN WOMAN which was chosen as the theme song for a major Africa Model competition. Mercy's first single “SITAKI” enjoyed the number one position on numerous African radio stations, and her first album was “TABA SAMU”. Following her first album, Mercy engaged herself in the fight against HIV/ AIDS and is currently a representative of the VCT campaign in Eastern and Southern Africa. MERCY attributes her success to the many people who have guided and encouraged her to keep going and never give up. Mercy has just released her second album “NYISRI MALONG'O” which means “show yourself”.

• **Enrique Mercado and Orquesta Lyrica** has been performing the passionate and vibrant sounds of Latin America in Atlanta and across the southeast for the last 25 years. During the 1980s Orquestra Lyrica provided the exciting music for the annual street parties on Cypress Street in Midtown and many other popular Atlanta festivals. Orquesta Lyrica's debut CD is named after the first track, "Latino Soy" ("I am Latin"). “Latino Soy” is a statement about an entire culture, how they feel about themselves, life, and where they have come from. The song itself speaks of immigrant Latinos, who have left their home towns and villages, and have come to America to seek the great American Dream, and also reflects on those who have remained in their homelands and struggle to succeed.

On Monday, August 24, [6:00 p.m. – 8:00 p.m.], the NGO Village will feature William Bancroft; Dance Kids, LLC; Anyé Ellite; Landi and Fitz; Giwayen Mata;the Latino Connection; the Necoonis Women Singers; Asia Vitale; and Yolo the Poet.

• **William Bancroft** has been playing the trumpet since 4th grade. Mr. Bancroft (aka, Sgt. "Hot Lips" Bancroft) served 20 years with the Georgia National Guard Band, and he has had the distinct honor of playing ”Taps” for the Atlanta Braves on numerous occasions. Retired from the National Guard, Sgt Bancroft now plays with the Georgia State Defense Force Band.

• **Dance Kids, LLC** is a Los Angeles-based children's media company. Dance Kids teams up with Ana Lllorente Dance Company in Atlanta to support a healthy lifestyle through dance. Dance Kids, LLC, is a woman- and minority-owned

Conference Information (Continued)

business. It produces the interactive kids' DVD "Salsa with Me" that promotes exercise while teaching children the culture, customs and traditions of other countries through dance, music, and language. The youth performers (ages 4 to7) are from the Ana Llorente Dance Company in Atlanta and are thrilled to represent the local Atlanta Latin community and help promote Salsa through Dance Kids.

• **Anyé Ellite** is an openly gay singer-songwriter and community activist. He began creating music at the young age of seven; a few years later he decided to get involved in grassroots philanthropy. The American Cancer Society, AID Atlanta, and the African American Outreach Initiative are just three of the organizations where Anyé has volunteered his voice, image, and energy. Anyé's love of community is represented very well in his music. He has performed at numerous events across the country including Atlanta's Black Gay Pride, the largest celebration of the black queer community in the world. Anyé just recently released his new single "I Got Him", which has already begun generating buzz. Currently Anyé is putting the finishing touches on his debut album which is aptly titled "21", a tribute to his experiences as a young black gay man

• **Fitz & Landi** Fitz's love and passion for all mankind helped cultivate a music style that reaches every culture and generation. He is a sought after musician in the realms of contemporary Christian, gospel, rock, blues, jazz and R&B. He has played with such artists as Dr. Bobby Jones, Juanita Bynum Weeks, Trae Pierce, Canton Jones, Keith Washington, Jonathan Phillips, Kelly Price, and William Guest of Gladys Knight and the Pips. In addition to playing, performing and recording with talented and well known musicians, Fitz will soon release his first solo recording project called "Fitz" spring 2009. Landi Jackson-James was born on the beautiful island of St. Thomas, U.S. Virgin Islands. She sang her first solo in church at the age of three and has performed throughout the beautiful Caribbean. She is a praise leader at her church, and has opened for CeCe Winans, Kirk Franklin, Yolanda Adams, and Fred Hammond. Landi works at CDC as an IT Project Manager in the Coordinating Center for Infectious Diseases, Office of Informatics. She has lived in Atlanta for 13 years and is the wife of her high school sweetheart and the mother of three beautiful girls.

• **Giwayen Mata** (Omelika Kuumbe, Artistic Director) is the award-winning, soul-stirring, all-sistah dance, percussion and vocal ensemble. Newspaper critic Roni Sarig stated, "to call the all-female group a band is an understatement: they're more like an event." Their mission is to celebrate the lives of women, uplifting communities and the planet, while perpetuating the cultures of Afrika and the Afrikan Diaspora through the study, creation, teaching, and presentation of artistic media including dances, rhythms, songs, poetry and prose around the world. The term "Giwayen Mata" translates to "Elephant Women" in the West Afrikan Hausa language. This title is given to women who

lead women's organizations. The founding women of Giwayen Mata interpreted the term to mean "Elephant Leaders of Women" who've moved and wooed audiences from New York to Texas and throughout the southeast with entertainment that is empowering, enlightening and educational. Their performances often highlight traditional as well as original and contemporary works addressing issues about people of color, women and the environment.

• **The Latino Connection** consists of **Ricky Wascher-Tavares, Luis Tavares, Ricky Esquivas and Nelson Colon-Cartagena**. Ricky started playing guitar at age 8. He is a vocalist and an accomplished player of the bass guitar, piano and drums. Ricky was classically trained and by 21 he joined Digital, a band that would provide him the opportunity to write and record his first professional record "In the Rock en Español" (Rock in Spanish) genre. Digital toured throughout Mexico. Several years later Ricky formed his own band Cima and co-wrote 3 records. His latest recording "Uno" is his first endeavor as songwriter and producer, and he is the sole instrumentalist and vocalist on the album, which was released in 2007. Today, Ricky works in the field of HIV/AIDS prevention as a capacity building assistance (CBA) provider. Ricky dedicated his song "Unbroken" to individuals infected and/or affected by HIV who inspired him to continue working in HIV prevention. Nelson, who serves as Program Consultant to CBA grantee Ricky Tavares, began playing guitar during his teen years in Puerto Rico. He developed interest in percussion and bass guitar later in his adult years. While living in Florida he began playing bass guitar at an African American church. During that time he helped record "Back on Track." After Nelson moved to Georgia he started playing and singing at the Lawrenceville Salvation Army Corps during the Latino worship service.

• **Necoonis Women Singers** is a trio of women who sing traditional and contemporary tribal music a cappella and with hand drums. Neeconis means "relatives" in the Ojibwe language. We are all related. Sharon M. Day, Ojibwe, is enrolled in the Bois Forte Band of Ojibwe Indians and is the Executive Director of the Indigenous Peoples Task Force. Julia Uleberg is Norwegian and works as a masssage therapist and story teller. Mary Hermes, Lakota and Chinese, is a professor at the University of Minnesota-Duluth in the Education Department and teaches Ojibwe language. The Neeconis Women Singers have performed at the Ordway Theater, Children's Theater, Carelton College, Hamline University and at various other colleges and community events.

• **Asia Vitale** is an advocate, singer, model and actress as well as a multiple pageant-title-holder, including the most recent Catwalk 2008. Asia's big break came when she modeled for the "Bionic Woman-Transgender" poster to promote HIV prevention in the transgender community. She was recently featured in the transgender-oriented music video for Josh Klipp's song, "Tell Me", shown on MTV's Logo channel. Asia was a longtime member of the Bionic Chicks transgender singing group.

Conference Information (Continued)

• **Yolo the Poet** is a performance poet and longtime human rights organizer. He is one of the original founders of Sweet Tea: Southern Queer Men's Collective, an organization dedicated to addressing sexism in queer communities. He serves as an organizer for The Atlanta Queer Literary Festival and the United 4 Safety LGBTQ Domestic Violence Taskforce. Yolo is the author of the poetry book, *Poems In The Key of Green*, and his poetry, essays and work have appeared in Oracle 20-20, The Charis Review, and other newspapers. He performed at the 2008 "State of Black Gay America Summit," Agnes Scott College's Unity Banquet, Charlotte and Atlanta Black Gay Prides and the 2009 Southeast Students Against Sweat Shops Conference. In 2008 he received the "Unity In Community Award" from Unity Fellowship in Christ Church Atlanta. He currently studies Iyengar Yoga and is on staff at Men Stopping Violence, a social change organization dedicated to ending violence against women.

On Tuesday, August 25 (8:15 p.m. – 9:15 p.m.), the conference will feature the Bowie State University Theatre.

The federal Center for Substance Abuse Prevention, Substance Abuse and Mental Health Services Administration funds Bowie State University (BSU), located in Bowie, Maryland. It is one of 18 funded Historically Black Colleges and Universities that, under its Minority Educational Institution (MEI) program, for the past four years has provided substance abuse and HIV/AIDS prevention to minority students on college campuses across the country. Students at BSU have created "Posi+ive Change," a group of dynamic performers committed to the prevention of substance abuse and HIV/AIDS through artistic education. Cast members of "Posi+ive Change" produced a play called "AIDS Has No Color" that is designed to educate and increase public awareness about the effects of HIV/AIDS. This performance involves drama, music, dance and the spoken word. This unique play is not only performed by BSU students, but was written by Jared Shamberger, Joel Gregory, Tsion Bennett, Nicole Carter, William Ridley, Devin Tillman, Deborah White, Duraleen Fornah, Veda Whisnant, Cara Hairston, Jerrod Hines, Ashley Anderson and Vanessa Cook(MEI University Liaisons).

On Wednesday, August 26, the pre-plenary video segment will feature the *Infected & Affected: Portraits of a Global Community Combating Stigma*, by Joan L. Brown. The Closing Plenary will feature the combined sounds of Giwayen Mata, Richard D'Abreu, John Fitzgerald McGill, Hood H.O.L.L.A.D.A.Y., Nelson Colon-Cartagena, Luis Tavares, Ricky Esquivias, and Ricky Wascher-Tavares.

This will be a live and impromptu Latin/Jazz flavored performance. Listen to the combined singers and bands of the 2009 National HIV Prevention Conference as they share their artistic talents and blend rhythmic sounds dedicating their music to those who work in the field of HIV prevention as they create a "synergistic" closing. This is a once-in-a-lifetime experience. Don't miss it!

Conference Information (Continued)

Daily Update

The conference will supply a Daily Update of changes and corrections to the agenda. The Daily Update will be available at 8:00 a.m. on Monday, Tuesday, and Wednesday at the Conference Registration Desk at the entrances to the plenary sessions. The information posted in the Daily Update will also be on display on the screens in the Centennial Ballroom before each plenary session. Information for inclusion in the Daily Update must be delivered to the Registration Desk, in writing, by 5:00 p.m. the night before publication. We are unable to post individual or group announcements in this publication and encourage attendees to use the conference Cyber Café/Messaging Center for this purpose.

Also, attendees may sign up to receive text messages with last minute agenda changes, reminders and important announcements related to the conference. To sign up for the texting service, simply text "NHPC" to 89183 (standard text message charges will apply). It is estimated that a total of 20 messages will be sent including those before, during and after the conference. The conference texting service is provided in partnership with the CDC National Prevention Information Network (NPIN).

Exhibits

The conference Exhibit Hall, located in the Grand Hall on the Exhibit Level features displays by HIV prevention providers and vendors around the country. Please take time during the conference to visit the Exhibit Hall. Hours are 2:00 p.m. – 5:00 p.m. on Sunday; 10:00 a.m. – 5:00 p.m. on Monday and Tuesday. For a list of exhibitors, please see the next section of this book.

HIV Prevention Literature Tables

Tables will be available inside the Exhibit Hall for attendees to leave materials that may be of interest to other conference participants. Extra handouts from concurrent sessions will also be available, as long as supplies last. These tables will not be staffed or stocked by conference personnel. All materials must be removed by 5:00 p.m. on Tuesday, August 25, or they will be discarded.

Local Tourism and Services Information

For information on local tourist attractions, dining and other recreational opportunities, visit the Atlanta Convention and Visitors Bureau's table in the conference registration area or visit the Hyatt Regency Atlanta or the Atlanta Marriott Marquis hotels' concierge desks.

Lounge for Persons Living with HIV/AIDS

A lounge for persons living with HIV/AIDS is located in the Executive Conference Suite, Suite 226 of the Hyatt Regency Atlanta Hotel. The conference is providing this room as a place to rest. Although medical services cannot be provided by the conference staff, volunteers will be available to give information on local resources for persons living with HIV/AIDS. There is a refrigerator in the lounge for those who may need to store medications, etc., during the day at the conference.

Wednesday	8:30 a.m. – 12:00 noon

Media Center

The Media Center, located on the Exhibit level of the Hyatt Regency Atlanta Hotel, Chicago Room caters to the needs of journalists covering the conference. Services include computers with Internet access, printers, telephones, fax machines, and interview rooms. The Media Center will be open Sunday from 3:00 p.m. – 6:00 p.m.; Monday and Tuesday from 8:00 a.m. – 7:00 p.m.; and Wednesday from 8:00 a.m. – 12:00 noon. Only accredited media will have access to the Media Center.

Medical Emergencies

For assistance with medical emergencies, dial extension 55 on any Hyatt Regency Atlanta hotel phone or request help from any conference staff personnel (identified by a yellow ribbon on their name badge), security personnel, or hotel employee. For more information, see the insert in your conference bag entitled “In Case of an Emergency.”

Cyber Café/Messaging Center

To help with your on-site communication needs, the conference is featuring a conference Cyber Café/Messaging Center. This easy-to-use system allows conference attendees to send or receive messages. Visit the Cyber Café/Messaging Center early and stop back often to check your messages.

Social Media Lab

Are you new to social media? Have you thought of using services like FaceBook and Twitter for your HIV prevention work but feel lost and confused? Do you want hands-on technical assistance with using these emerging technologies?

Visit the Social Media Lab in the Hyatt Regency Executive Room 219 throughout the 2009 National HIV Prevention Conference. Staffed by experts in social media from CDC and HHS, you can gain real-world guidance on:

- Using social networking sites like FaceBook and MySpace
- Blogging and micro-blogging with Twitter
- Creating short video Podcasts and posting content to sites like YouTube
- Brainstorming ways to improve and refresh your Web site
- Text messaging as a low-tech but effective tool
- The potential for virtual worlds

Special sessions will be provided on a range of topics. Check the Daily Update for schedule.

Conference Information (Continued)

Poster Sessions

Scientific and programmatic posters will be on display in the Grand Hall (Exhibit area) during the conference. Authors will staff posters in two different sessions:

Monday Poster Session (A) 12:00 noon – 1:30 p.m.

Tuesday Poster Session (B) 12:00 noon – 1:30 p.m.

All poster abstracts are included on the conference abstract CD-ROM. Please refer to the abstract disc or program book index to identify when a poster will be presented by an author.

Registration

Conference Registration is located outside the Exhibit Hall. Registration staff will provide the following services: conference materials distribution for all pre-registered attendees, on-site registrants, speakers, moderators, scholarship recipients, and media representatives; lost badge replacement; reservation of rooms for evening special-interest meetings; and directions to conference events.

Tuesday	7:00 a.m. – 5:30 p.m.
Wednesday	7:00 a.m. – 12:00 noon

Security

The Hyatt Regency Atlanta, the Atlanta Marriott Marquis and the conference organizers have engaged a full staff of security personnel who will be on duty 24 hours a day throughout the conference. If security services are required, immediately report to the Conference Registration Desk, any conference staff person (identified on their name badge), security personnel or hotel employee, and they will assist you. Additionally, you can also dial extension “55” on any Hyatt Regency Atlanta Hotel phone or “0” on any Atlanta Marriott Marquis Hotel phone. The conference organizers and the hotel security staff are working to maintain an orderly atmosphere conducive to learning and sharing.

Conference attendees bringing personal possessions into the conference areas are responsible for their safekeeping. Laptop computers are especially vulnerable to theft and should be kept within the immediate possession of the owner at all times or checked into a safe at the hotel in which you are staying. While all possible preparations have been taken, the possibility of emergencies does exist. In case of an emergency, please comply with the directions of conference staff (identified on name badges) or security personnel. Evacuation routes are posted throughout both hotels and should be consulted by attendees.

Conference Information (Continued)

No-Smoking Policy

The 2009 National HIV Prevention Conference maintains a no-smoking policy. Smoking is not allowed in any part of the conference including plenary or concurrent sessions, exhibits, receptions, registration, the message center, offices, or any other public areas. In other parts of the hotel, conference attendees should comply with the policies of the Hyatt Regency Atlanta and the Atlanta Marriott Marquis hotels.

Sponsored Participant Recipient Information

Those receiving sponsored participant support from the 2009 National HIV Prevention Conference can receive assistance in travel and lodging at the Conference Registration Desk. We are unable to assist persons receiving support from sources outside of the 2009 National HIV Prevention Conference. Those who received support from other organizations to attend this conference and who require assistance regarding their arrangements should contact the awarding agency.

Sign Language Interpreter Services

A certified American Sign Language expert will interpret all plenary sessions for the deaf and hard of hearing. Participants requiring this service are encouraged to sit in the front area of the plenary room. Sign language interpretation of concurrent sessions may also be available with previous arrangement.

Spanish Language Interpretation

Spanish language interpretation will be provided for the opening and closing sessions and all plenary sessions. Participants requiring this service should visit the Special Situations Booth at the Conference Registration Desk to pick up the interpretation equipment.

Speaker Ready-Room

A ready-room for speakers is located in the Harris Room at the Hyatt Regency Atlanta Hotel. An LCD projector and computer will be placed there for use by conference speakers.

Special Interest Meetings

A limited number of meeting rooms will be available to conference participants to use in the evenings for gatherings of special interest groups, ad hoc meetings, caucuses, etc. Sign-up for these rooms is on a first-come-first-served basis, and sign-up lists are available at the Conference Registration Desk.

SUNDAY, AUGUST 23, 2009, OPENING SESSION, 5:00 PM – 6:30 PM

The opening session marks the beginning of the 2009 National HIV Prevention Conference by providing an opportunity to recognize and celebrate the tremendous progress that has been made in the fight against HIV/AIDS and to reflect on some of the challenges that remain. A dynamic and distinguished group of advocates and leaders living with HIV, including Mr. Magic Johnson, will share their unique insights on the virus, its prevention, and its effects on their lives. This session will also give attendees an important opportunity to hear from the Division of HIV/AIDS Prevention's new director about the most recent CDC data on the current state of the epidemic in the United States and its continued impact on the lives of so many Americans.

Session Location: Centennial Ballroom (Hyatt Hotel - Ballroom Level)

Special Listening Session - Male-to-Male Sexual Transmission of HIV

Session Location: Regency Ballroom VI

Session Description: This listening session will provide an opportunity for conference participants to share with CDC leaders their perspectives on issues affecting male-to-male sexual transmission in the United States. It is hoped that this session will provide an opportunity to focus on perspectives related specifically to inequities associated with social, structural, and individual influences that affect HIV transmission in the United States among gay, bisexual, and other men who have sex with men. These issues include (but not limited to) race/ethnicity, age, geography, housing, substance use, mental health, other sexually transmitted infections, racism, homophobia, and discrimination.

Dr. Kevin Fenton (Director of NCHHSTP), Dr. Jonathan Mermin (Director of DHAP), and other key NCHHSTP leaders will be present to listen to your comments.

Special Listening Session - NCHHSTP Leaders

Session Location: Royal Ballroom V

Session Description: This final listening session will provide an opportunity for conference participants to share with CDC leaders their perspectives on any and all issues affecting HIV transmission and its prevention in the United States. It is hoped that this session will provide an opportunity to focus on inequities in HIV/AIDS that are associated with social and structural determinants of risk across all populations that are affected by HIV/AIDS and the stigma and discrimination that are so closely connected with this disease.

Dr. Kevin Fenton (Director of NCHHSTP), Dr. Jonathan Mermin (Director of DHAP), and other key NCHHSTP leaders will be present to listen to your comments.

WEDNESDAY, AUGUST 26 | Plenary Session | 10:00 AM – 11:00 AM

PL07 - Stigma/Discrimination/Racism/Sexism/Homophobia/Homelessness

HIV does not exist in isolation. It exists within a complex web of co-occurring social problems that fuel and perpetuate social injustice and inequities in HIV infection rates, late diagnosis, progression to AIDS, and HIV-related deaths. This session brings together cutting-edge science about key social determinants of HIV/AIDS disparities with the real-world experiences and perspectives of people whose lives have been profoundly affected by HIV and AIDS.

Session Location: Centennial Ballroom (Hyatt Hotel – Ballroom level)

Moderator:
Jesse Milan, J.D.
Altarum Institute

Panel Speakers

A. Cornelius Baker
Senior Policy Advisor, National Black Gay Men's Advocacy Coalition
Senior Communications Advisor, AED Center on AIDS and Community Health

Renee Austin
Health Educator

Dennis DeLeon
President
Latino Commission on AIDS

WEDNESDAY, AUGUST 26 | Closing Session | 11:00 AM – 12:30 PM

PL08 - The Power and Politics of Prevention

Effective programs and compelling scientific data are often not enough to effect meaningful changes on a large scale. Such changes require the vision and decisive leadership of key decision makers who are willing to take a stand and fight for the needs and rights of the individuals and communities that are vulnerable to HIV/AIDS and those who are living with the virus. Prominent congressional leaders will share their perspectives on HIV/AIDS issues affecting our nation that are currently being addressed on "the Hill." As the conference concludes, Dr. Kevin Fenton will wrap things up by reflecting on the conference and providing a vision that sets the course for the future of HIV prevention efforts in the United States.

Session Location: Centennial Ballroom (Hyatt Hotel – Ballroom level)

Moderator:
Beverly Watts Davis
Senior Policy Advisor on Substance Abuse Policy
Office of the Administrator
Substance Abuse & Mental Health Services Administration

Discussion by Key Congresspersons

Closing Remarks
Kevin Fenton, M.D., Ph.D. F.F.P.H.
Director, National Center for HIV/AIDS, Viral Hepatitis, STD, and TB Prevention
Centers for Disease Control and Prevention

Special Listening Session - NCHHSTP Leaders

Session Location: Royal Ballroom V

Session Description: This final listening session will provide an opportunity for conference participants to share with CDC leaders their perspectives on any and all issues affecting HIV transmission and its prevention in the United States. It is hoped that this session will provide an opportunity to focus on inequities in HIV/AIDS that are associated with social and structural determinants of risk across all populations that are affected by HIV/AIDS and the stigma and discrimination that are so closely connected with this disease.

Dr. Kevin Fenton (Director of NCHHSTP), Dr. Jonathan Mermin (Director of DHAP), and other key NCHHSTP leaders will be present to listen to your comments.

WEDNESDAY, AUGUST 26 | Plenary Session | 10:00 AM – 11:00 AM

PL07 - Stigma/Discrimination/Racism/Sexism/Homophobia/Homelessness

HIV does not exist in isolation. It exists within a complex web of co-occurring social problems that fuel and perpetuate social injustice and inequities in HIV infection rates, late diagnosis, progression to AIDS, and HIV-related deaths. This session brings together cutting-edge science about key social determinants of HIV/AIDS disparities with the real-world experiences and perspectives of people whose lives have been profoundly affected by HIV and AIDS.

Session Location: Centennial Ballroom (Hyatt Hotel – Ballroom level)

Moderator:
Jesse Milan, J.D.
Altarum Institute

Panel Speakers

A. Cornelius Baker
Senior Policy Advisor, National Black Gay Men's Advocacy Coalition
Senior Communications Advisor, AED Center on AIDS and Community Health

Renee Austin
Health Educator

Dennis DeLeon
President
Latino Commission on AIDS

WEDNESDAY, AUGUST 26 | Closing Session | 11:00 AM – 12:30 PM

PL08 - The Power and Politics of Prevention

Effective programs and compelling scientific data are often not enough to effect meaningful changes on a large scale. Such changes require the vision and decisive leadership of key decision makers who are willing to take a stand and fight for the needs and rights of the individuals and communities that are vulnerable to HIV/AIDS and those who are living with the virus. Prominent congressional leaders will share their perspectives on HIV/AIDS issues affecting our nation that are currently being addressed on "the Hill." As the conference concludes, Dr. Kevin Fenton will wrap things up by reflecting on the conference and providing a vision that sets the course for the future of HIV prevention efforts in the United States.

Session Location: Centennial Ballroom (Hyatt Hotel – Ballroom level)

Moderator:
Beverly Watts Davis
Senior Policy Advisor on Substance Abuse Policy
Office of the Administrator
Substance Abuse & Mental Health Services Administration

Discussion by Key Congresspersons

Closing Remarks
Kevin Fenton, M.D., Ph.D. F.F.P.H.
Director, National Center for HIV/AIDS, Viral Hepatitis, STD, and TB Prevention
Centers for Disease Control and Prevention
