**Abbreviations:** A/PI = Asian or Pacific Islander; AI/AN = American Indian or Alaskan Native.

\* Firearm suicides per 100,000 persons.

<sup>†</sup> Rates for persons aged ≥10 years are age-adjusted to the year 2000 U.S. standard population.

<sup>§</sup> A value of “-0.0” denotes a negative change rounded to the nearest tenth; a value of “0.0” denotes a positive change rounded to the nearest tenth.

<sup>¶</sup> Rate or rate change considered statistically unstable because of suicide count(s) <20.
