Historical Document

This Web site is provided by the Agency for Toxic Substances and Disease Registry (ATSDR) ONLY as an historical reference for the public health community. It is no longer being maintained and the data it contains may no longer be current and/or accurate.

CDC and ATSDR worked with several partners to manage the *National Conversation* project, including [RESOLVE](#), a nonprofit organization dedicated to advancing the effective use of consensus building in public decision making; the [American Public Health Association](#); the [Association of State and Territorial Health Officials](#); and the [National Association of County and City Health Officials](#).
