### Historical Document

This Web site is provided by the Agency for Toxic Substances and Disease Registry (ATSDR) ONLY as an historical reference for the public health community. It is no longer being maintained and the data it contains may no longer be current and/or accurate.

As convened by RESOLVE (<http://www.resolve.org/>), [\\_ \(http://www.cdc.gov/Other/disclaimer.html\)](http://www.cdc.gov/Other/disclaimer.html), the National Conversation Leadership Council was composed of approximately 40 experts in the public health and environmental fields. The Leadership Council provided guidance throughout the National Conversation and developed the project's Action Agenda with clear, achievable recommendations that aim to help government agencies and other organizations strengthen their efforts to protect the public from harmful chemical exposures.

The Leadership Council was staffed by Gail Bingham from RESOLVE with support from Ben Gerhardstein from NCEH/ATSDR.
