

FY2021

Centers for Disease Control and Prevention
Fiscal Year 2021 Grants Summary Profile Report for

New Hampshire

This profile includes selected CDC grants and cooperative agreements provided to health departments, universities, and other public and private agencies in New Hampshire. Refer to the "About the Data" section below for important qualifying statements about the data.

2021 Population Estimate: 1,388,992
Timeframe: 10/01/20 - 09/30/21

Table with 3 columns: CATEGORY, OBLIGATED AMOUNT, PERCENTAGE. Lists various CDC grant categories and their corresponding amounts and percentages, ending with a Grand Total of \$247,694,089 (100.0%).

Table with 2 columns: CATEGORY & SUB-CATEGORY, OBLIGATED AMOUNT. Provides a detailed breakdown of the obligated amounts for the top categories, such as Agency for Toxic Substances and Disease Registry (\$387,973) and Birth Defects, Developmental Disabilities, Disability and Health (\$732,500).

FY2021

CATEGORY & SUB-CATEGORY	OBLIGATED AMOUNT
Diabetes - PPHF	\$850,783
Heart Disease and Stroke	\$391,447
Heart Disease and Stroke - PPHF	\$850,783
Oral Health	\$370,000
Prevention Research Centers	\$86,869
Safe Motherhood/Infant Health	\$310,020
Tobacco	\$100,000
Tobacco - PPHF	\$1,144,210
<b>Cross-Cutting Activities and Program Support</b>	<b>\$53,258,464</b>
American Rescue Plan Act (ARP)	\$28,050,185
Coronavirus Aid, Relief, and Economic Security Act	\$4,461,043
Coronavirus Preparedness and Response Supplemental	\$18,535,400
Preventive Health and Health Services Block Grant - PPHF	\$2,211,836
<b>Emerging and Zoonotic Infectious Diseases</b>	<b>\$1,739,839</b>
Advanced Molecular Detection (AMD)	\$36,747
Antibiotic Resistance Initiative	\$544,693
Emerging Infectious Diseases	\$33,901
Epi and Lab Capacity Program - PPHF	\$574,991
Food Safety	\$319,727
Lyme Disease	\$229,780
<b>Environmental Health</b>	<b>\$2,534,772</b>
Asthma	\$521,684
Childhood Lead Poisoning	\$192,500
Environmental and Health Outcome Tracking Network	\$708,897
Environmental Health - PPHF	\$192,500
Environmental Health Activities	\$47,931
Environmental Health Laboratory	\$871,260
<b>HIV/AIDS, Viral Hepatitis, STI and TB Prevention</b>	<b>\$1,865,596</b>
Domestic HIV/AIDS Prevention and Research	\$1,196,357
Infectious Disease and Opioids Epidemic	\$33,898
Sexually Transmitted Infections (STIs)	\$269,092
Tuberculosis (TB)	\$178,595
Viral Hepatitis	\$187,654
<b>Immunization and Respiratory Diseases</b>	<b>\$1,825,670</b>
Immunization and Other Respiratory Diseases	\$1,631,150
Influenza/Influenza Planning and Response	\$194,520
<b>Injury Prevention and Control</b>	<b>\$4,810,456</b>
Drug Free Communities	\$1,350,000

FY2021

<b>CATEGORY &amp; SUB-CATEGORY</b>	<b>OBLIGATED AMOUNT</b>
Intentional Injury	\$289,598
NVDRS	\$196,896
Opioid Overdose Prevention and Surveillance (CAT B)	\$2,973,962
<b>Occupational Safety and Health</b>	<b>\$644,189</b>
Occupational Safety and Health Set-Asides	\$361,112
Other Occupational Safety and Health Research	\$283,077
<b>Public Health Preparedness and Response</b>	<b>\$5,339,608</b>
Public Health Emergency Preparedness Cooperative Agreement	\$5,339,608
<b>Public Health Scientific Services (PHSS)</b>	<b>\$211,240</b>
Surveillance, Epidemiology, and Informatics	\$211,240
<b>Public Health Social Services Emergency Fund (PHSSEF)</b>	<b>\$155,772,158</b>
PHSSEF COVID-19 Activities	\$155,772,158
<b>Vaccines for Children</b>	<b>\$11,186,957</b>
Grant Awards	\$943,863
Vaccine Purchases	\$10,243,094
<b>Grand Total</b>	<b>\$247,694,089</b>

## Centers for Disease Control and Prevention Fiscal Year 2021 Grants Detail Profile Report for New Hampshire

FY2021

### Data Included

- The grants and cooperative agreements data in this report include funding obligated and awarded (i.e., obligated funds) domestically to States, the District of Columbia (DC), U.S. Territories and Freely Associated States in fiscal year 2021 (FY21; 10/1/20 to 9/30/21) from CDC's domestic appropriations.
- In addition to including the value of cooperative agreements for immunization programs, the data also includes the value of vaccines purchased and provided through the Vaccines for Children program.
- Because the data includes funds obligated in FY21, it may include funding authorized through legislation passed in previous years, but only the amount actually obligated in FY21.
- The funding data is categorized by CDC budget line (i.e., by the CDC appropriation account used to make the investment), primarily as shown in CDC's [FY21 Operating Plan](#). Additional funding categories and subcategories also were included to capture COVID-19 supplemental funding obligated in FY21, whether directly appropriated to CDC or through funding transfers from the Department of Health and Human Services (HHS), and funds transferred from HHS for the Drug Free Communities Support program. The data also includes funding provided through the American Rescue Plan Act of 2021 (Public Law No: 117-2).

### Data Excluded

- This data does not include any CDC expenditures, such as contracts, personnel, direct assistance, or other CDC operational and administrative costs.
- The following grants and cooperative agreements data were outside the scope of this profile and were excluded: funding of International activities, Reimbursable Agreements (funds from other federal agencies to support their missions), Cooperative Research and Development Agreements, Royalties, User Fees and Intra-Departmental Delegation of Authority funds (e.g., fund transfers to CDC from HHS; as noted in the "Data Included" section, there were two exceptions: funding transferred from HHS to CDC for the COVID-19 response and the Drug Free Communities Support program were included), Gifts and Donations, Global Health funds, and Buildings and Facilities funds.

*Therefore, the funding profiles data do not reflect CDC's total appropriations.*

### Data Sources

- Funding data is from the CDC Office of Financial Resources (for grants and cooperative agreement data) and the CDC National Center for Immunization and Respiratory Diseases (for Vaccines for Children vaccine purchase data)
- Population estimates for the United States, the District of Columbia, and Puerto Rico are from the 2020 U.S. Census, updated with 2021 estimates: [US population by year, race, age, ethnicity, & more | USAFacts](#)
- Population estimates for all other U.S. territories and freely associated states are for August 2022 from [The World Factbook](#) (accessed 8/4/22 )

## Centers for Disease Control and Prevention Fiscal Year 2021 Grants Detail Profile Report for New Hampshire

FY2021

### Data Interpretation and Use

- These data are useful as a snapshot of CDC grant and cooperative agreement funding provided to grantees within states, DC, and U.S. territories and freely associated states by CDC budget line. However, caution should be used in interpreting variations across years or jurisdictions. Several reasons for variations are (1) the amounts, purpose, and focus of funding provided by Congress each year can vary, and (2) changes in national and/or CDC/ATSDR priorities and strategies due to factors such as urgent and emerging health threats and changes in population health status and needs. In terms of funding opportunities, (1) not all eligible entities apply for every program opportunity, (2) most federal funding is awarded via a competitive or merit-based process and not all eligible entities that apply are funded for every program, and (3) some funding is allocated according to a pre-set formula (such as per capita allocation or a need-based funding allocation), which is sometimes specified in law.
- Users of this site and data should be aware of various factors that make comparisons of data between jurisdictions and by per capita difficult to interpret and may lead to inaccurate conclusions in the absence of more in-depth study. Some of those factors include the following:
  - CDC has many different grant types with varying application eligibility and award criteria such as population disease burden, per capita formula-based, competitive based on proposal merit, non-competitive, etc.
  - Awards made to an entity will typically reflect the geographic location of the entity's official business or billing address such as a State capitol for a State government award. The awards therefore will not reflect the actual geographic application of the funds by the grantee in carrying out the purpose of the grant.
  - CDC makes awards to various national associations that carry out national public health programs that have nationwide impact; however, the awards will be reflected in the geographic jurisdiction of the association's main office.
  - In addition, there may be variation across years for where a program/activity resides in CDC's organizational and budget structure. Funding sources linked to a particular program/activity may also vary year-to-year. Therefore, it is possible for a multi-year project to fall into one category or sub-category one year and into another the next. In addition, funding categories may be added or deleted as CDC's budget changes year to year (e.g., funding categories are deleted because their shorter-term funding sources expire). This makes 1:1 comparisons of one year's set of projects to another year's set of projects under each category or sub-category a challenge.
