

About the NCIPC	Acute Care, Rehabilitation & Disabilities	Research Grants & Funding Opportunities
What's New	Unintentional Injury Prevention	Scientific Data, Surveillance & Injury Statistics
Publications and Resources	Violence Prevention	Injury-Related Websites

Welcome to the National Center for Injury Prevention and Control (NCIPC) World Wide Web home page. In 1992, CDC established the National Center for Injury Prevention and Control to reduce morbidity, disability, mortality, and costs associated with injuries outside the workplace. As the lead federal agency for injury prevention, NCIPC works closely with other federal agencies; national, state, and local organizations; state and local health departments; and research institutions.
