Evaluation

Novel and Emerging Practice Studies
Thank you to everyone who showed interest and sent a submission for this project. We are excited to announce the four recipients working with us in the first round of the Novel and Emerging Practice Studies!

- Maricopa County Department of Public Health
- North Carolina Department of Health and Human Services
- Rhode Island Department of Health
- Washington State Department of Health

For more information on the four recipients' novel and emerging practices and to learn more about the Novel and Emerging Practice Studies, please visit the COVID-19 Health Equity TA website.

CDC Communication Resources: Tips for Searching by Language
CDC

Are you looking for CDC materials in different languages? The COVID-19 Print Resources page allows you to search by the language you are looking for (e.g., Spanish) and it will bring up all resources available in that language. The CDC Resources in Languages Other than English page includes both COVID-19 and non-COVID-19 specific resources which you can filter by language.

Rural Emergency Preparedness and Response Toolkit
Rural Health Information Hub

The toolkit compiles evidence-informed models and resources to support organizations implementing emergency planning, response, and recovery efforts in rural communities across the United States. The toolkit consists of 6 modules and a set of 31 case studies, with additional resources available.

OT21-2103 Virtual Community Discussion Board
NACCHO

Join the Discussion! Visit the Virtual Community Discussion Board to post your ideas, questions, and communicate on a regular basis with other recipients. You can also post and learn about peer-led events. All OT21-2103 recipients are invited to join this online group. If you did not receive the link and instructions from the NACCHO Membership Team, please contact Brianna Aldridge (baldridge@naccho.org) for assistance.

Browse a library of evidence-based practices related to COVID-19 health disparities to infuse best, promising, novel, and emerging practices into your work. Use filters by grant strategy, social determinants of health, priority population, and more to find evidence-based practices most relevant to your grant activities.

REQUEST TECHNICAL ASSISTANCE

The OT21-2103 TA Request System is available! Your agency's primary point(s) of contact (POC) have been trained on how to submit a TA request in the system. Work with your agency's POCs and your Project Officer to discuss your TA needs and submit a request in the system (agency POCs have access to the TA request system here). For questions regarding access to the TA Request System including if your agency POC has changed and/or user access to the system needs to be removed/added, please contact your Project Officer.
