#### Pathway to Practice (P2P) Resource Center (CDC)

This Resource Center is a one-stop shop that features tools and resources produced by CDC-funded research projects. Resources can easily be filtered by COVID-19 and Social Determinants of Health filters.

#### Engaging People with Lived Experience to Improve Federal Research, Policy, and Practice (HHS ASPE)

People with lived experience can inform and improve systems, research, policies, practices, and programs. This webpage links to resources the Office of the Assistant Secretary of Planning and Evaluation (ASPE) has prepared as it leads work on how agencies and programs can meaningfully and effectively engage people with lived experience.

#### ASTHO Reports from Palau Equity Summit (ASTHO)

This blog highlights Palau's health equity summit, which was the first health equity summit in the Pacific territories and freely associated states! Palau's summit brought together community members and partners from many sectors to discuss health equity issues and work together to develop health measures.

#### Building an Island Health Equity Framework for the Future (ASTHO)

This blog provides additional context for ASTHO's Islands Health Equity framework and why an islands-specific framework is important. The blog also describes best practices the U.S. territories and freely associated states (or island areas) are using to advance health equity through data improvements, building trust, and braiding and layering funds.

#### OT21-2103 Virtual Community Discussion Board

##### **NACCHO**

Join the Discussion! Visit the Virtual Community Discussion Board to post your ideas, questions, and communicate on a regular basis with other recipients. You can also post and learn about peer-led events. All OT21-2103 recipients are invited to join this online group. If you did not receive the link and instructions from the NACCHO Membership Team, please contact Brianna Aldridge ([baldridge@naccho.org](mailto:baldridge@naccho.org)) for assistance.

Browse a library of evidence-based practices related to COVID-19 health disparities to infuse best, promising, novel, and emerging practices into your work. Use filters by grant strategy, social determinants of health, priority population, and more to find evidence-based practices most relevant to your grant activities.

## REQUEST TECHNICAL ASSISTANCE

The OT21-2103 TA Request System is available! Your agency's primary point(s) of contact (POC) have been trained on how to submit a TA request in the system. Work with your agency's POCs and your Project Officer to discuss your TA needs and submit a request in the system (agency POCs have access to the [TA request system here](#)). For questions regarding access to the TA Request System including if your agency POC has changed and/or user access to the system needs to be removed/added, please contact your Project Officer.

This bulletin is compiled by the COVID-19 Health Equity TA Collaborative:

If you are a OT21-2103 recipient, please contact your Project Officer with any questions and use the TA Request System to submit any requests.
