

# Blood Pressure Medication Nonadherence\* Among Wisconsin Medicaid Members and Pharmacy Locations in Milwaukee County

Sources: Wisconsin Medicaid Program Claims, 2014-2016. Wisconsin Department of Health Services, Division of Medicaid Services. Wisconsin Pharmacy Quality Collaborative (WPQC) Pharmacy Directory, 2017. WPQC, Pharmacy Society of Wisconsin (PSW). National Plan and Provider Enumeration System, National Provider Identifier Registry, 2014. Children's Environmental Health Initiative, Rice University.

\*Blood pressure medication nonadherence determined when a Medicaid member has less than 80% proportion of days covered (PDC) with blood pressure medications or does not meet the PDC threshold ( $\geq 80\%$ ) as recommended by Pharmacy Quality Alliance for reasonable likelihood of achieving most of the potential clinical benefit. Census tracts with less than 16 records represented in the numerator are suppressed.

WPQC-accredited Pharmacies are required to have policies and procedures in place that follow PSW-endorsed, quality-based best practices and are audited routinely to ensure they are meeting these standards. WPQC-accredited pharmacies are all medication therapy management centers.
