Kojima N, Peterson L, Hawkins R, Allen M, Flannery B, Uyeki T. Influenza antiviral shortages reported by state and territorial public health officials, 2022-2023. *JAMA*. doi:10.1001/jama.2023.17244

eAppendix. Survey Instrument

This supplemental material has been provided by the authors to give readers additional information about their work.

eAppendix. Survey Instrument

Respondent's HHS Region:

- Region 1 (CT, ME, MA, NH, RI, VT)
- Region 2 (NJ, NY, Puerto Rico, US Virgin Islands)
- Region 3 (DE, Wash DC, MD, PA, VA, WV)
- Region 4 (AL, FL, GA, KT, MS, NC, SC, TN)
- Region 5 (IL, IN, MI, MN, OH, WI)
- Region 6 (AR, LA, NM, OK, TX)
- Region 7 (IA, KS, MO, NE)
- Region 8 (CO, MT, ND, SD, UT, WY)
- Region 9 (AZ, CA, HI, Pacific Islands*)
- Region 10 (AK, ID, OR, WA)

*Pacific Islands: American Samoa, Northern Mariana Islands, Micronesia, Guam, NV, Palau, Marshall Islands

Any local shortages of antivirals for treatment of influenza for the current season

- Yes
- No
- Do not know

If YES to a shortage of antivirals, which antivirals were temporarily unavailable

- Baloxavir tablets (brand-name Xofluza)
- Oseltamivir pediatric suspension (generic)
- Oseltamivir pediatric suspension (brand-name Tamiflu)
- Oseltamivir pediatric suspension, may be generic or Brand-name Tamiflu
- Oseltamivir capsules (generic)
- Oseltamivir capsules (brand-name Tamiflu)
- Oseltamivir capsules, may be generic or Brand-name Tamiflu
- Zanamivir for inhalation (brand-name Relenza)
- Peramivir for infusion (brand-name Rapivab)
- Don't know which specific antivirals were unavailable
- Not applicable

Was there increased promotion of influenza vaccination in response to antiviral shortages

- Yes
- No
- Do not know

Did medical providers or public health promote influenza vaccination in response to antiviral shortages

Yes
No
Do not know

Have there been any influenza outbreaks in long-term care facilities in which the facility was not able to obtain Oseltamivir for treatment of symptomatic residents

Yes
No
Do not know

Have there been any influenza outbreaks in long-term care facilities in which the facility was not able to obtain Oseltamivir for prophylaxis of exposed residents

Yes
No
Do not know

Does your state/territory have a stockpile of antivirals for pandemic influenza

Yes
No
Do not know

If YES to stockpiling influenza antivirals, which antivirals are included in the stockpile

Oseltamivir pediatric suspension (generic)
Oseltamivir pediatric suspension (brand-name Tamiflu)
Oseltamivir pediatric suspension, may be generic or Brand-name Tamiflu
Oseltamivir capsules (generic)
Oseltamivir capsules (brand-name Tamiflu)
Oseltamivir capsules, may be generic or Brand-name Tamiflu
Zanamivir for inhalation (brand-name Relenza)

Do not know

If YES to stockpiling influenza antivirals, has Oseltamivir been deployed from the state/territory stockpile

Yes
No
Do not know

If NO to stockpiling influenza antivirals, was Oseltamivir requested from the Strategic National Stockpile

Yes
No
Do not know

If NO to stockpiling influenza antivirals, are there plans to request Oseltamivir from the Strategic National Stockpile

Yes
No

Do not know
