

Delta Variant 19 Vid 1 – Audio Description & Audio Transcript

Time marker (h:m:s)	Audio Descriptions Images shown on screen	Text shown on screen	Dialogue Transcript
0:00:00	Title Graphic “What does the Delta Variant Mean for Infection Control in Health Care” displayed with HHS/CDC logo and Project Firstline logo	What Does the Delta Variant Mean for Infection Control in Healthcare?	The tools that we use for infection control work
0:00:03	Video of Dr. Abby Carlson speaking while sitting in an office	Abby Carlson, MD Infectious Diseases Doctor Centers for Disease Control and Prevention	and the way they work for COVID-19 hasn't changed.
0:00:08			The ways we block the virus are the same.
0:00:11			The recommended PPE hasn't changed.
0:00:14	Line drawing of a face in silhouette wearing a mask. Small dots bounce off the outside of the mask.	Keep using recommended PPE, including N95 respirators, and masks for source control.	Our respirator is still going to prevent you from breathing viruses in
0:00:18			inside the respiratory droplets.
0:00:21	Video of Dr. Carlson		Masking will keep those respiratory droplets out of the air
0:00:24			so they can't be breathed in by others.
0:00:27	Line drawing of two figures standing well apart. A double-headed arrow line extends between them.	Physical Distancing	Physical distance still helps people avoid breathing in
0:00:31			each other's respiratory droplets.
0:00:33	Stylized line drawing of a medical facility enclosing a turning fan.	Good Ventilation	And good ventilation is still important for cleaning air
0:00:36			that might have respiratory droplets in it.

Time marker (h:m:s)	Audio Descriptions Images shown on screen	Text shown on screen	Dialogue Transcript
0:00:38	Line drawing animation of two hands washing under a faucet.	Consistent Hand Hygiene	Cleaning your hands--still incredibly important.
0:00:41	Line drawing of disinfectant spray bottle spritzing spray.	Routine Cleaning and Disinfection	Same thing with cleaning and disinfecting the environment.
0:00:45	Video of Dr. Carlson		So keep doing what you're doing.
0:00:47			Keep wearing masks.
0:00:49			Keep using your PPE when you're working with patients
0:00:52			and you'll help prevent the spread of the virus.
0:00:55	Text graphic "Healthcare infection control tools for COVID-19 still work for Delta" displayed with HHS/CDC logo and Project Firstline logo.	Healthcare infection control: Tools for COVID-19 still work for Delta. Project Firstline – CDC's National Training Collaborative for Healthcare Infection Prevention & Control
