Recent Updates to COVID Data Tracker

Updated on May 10, 2024

- Effective May 1, 2024, hospitals are no longer required to report COVID-19 hospital admissions, hospital capacity, or hospital occupancy data to HHS through CDC’s National Healthcare Safety Network (NHSN). CDC encourages ongoing, voluntary reporting of hospitalization data. Data voluntarily reported to NHSN after May 1, 2024, is available at [Trends in Hospital Utilization, Capacity, and Reporting - NHSN](#).
