## **Section H: Genetic Testing for Cancer Risk**

Genetic testing for cancer risk is used to look for inherited gene mutations or changes that might put a person at higher risk of getting certain kinds of cancer.

H1. How long has it been since you last had a counseling session with a genetic counseling expert – that is, an appointment where the whole discussion is about genetic cancer risk?

- ☐ Never
- ☐ Within the past 2 years
- ☐ 2-5 years ago
- ☐ More than 5 years ago

### **Clinical Genetic Testing**

We would like to ask you about clinical genetic testing – genetic tests for future cancer risk that are ordered by a doctor or a genetic counselor. These tests can be done with either a blood test or a saliva test where you spit into a tube.

H2. How long has it been since you last had a blood or saliva genetic test for future cancer risk that was ordered by a doctor or genetic counselor?

- ☐ Never
- ☐ Within the past 2 years
- ☐ 2-5 years ago
- ☐ More than 5 years ago

H3. What were the results of your **most recent** genetic test that was ordered by a doctor or genetic counselor? **Please mark ALL that apply.**

- ☐ N/A – I have never had a test like this
- ☐ Negative – I did not have any mutations in the gene tests
- ☐ Positive for a gene mutation
- ☐ Uncertain – a variant of uncertain significance (VUS) was found
- ☐ I don't know the results

H4. Have you talked with your immediate adult blood relatives (parents, brothers and sisters, children) about getting clinical genetic testing to learn more about their own future cancer risk?

☐

☐

☐

Yes, I have talked to most or all of my adult family members

Yes, I have talked to some of my adult family members (but not all)

No, I haven't talked to any adult family members

H5. To the best of your knowledge, does any member of your family have a gene mutation that increases the risk of cancer?

☐ Yes

☐ No

☐ Don't know

H6. Please tell us whether anyone in your family have been diagnosed with these cancers.

	Anyone in your family?	Which family member(s)? Please list their relation to you and their age at diagnosis.
<b>EXAMPLE</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No	<i>Mother at age 55, sister at age 32</i>
a. Male breast cancer	<input type="radio"/> Yes <input type="radio"/> No	-----
b. Female breast cancer	<input type="radio"/> Yes <input type="radio"/> No	-----
c. Ovarian (peritoneal/fallopian tube) cancer	<input type="radio"/> Yes <input type="radio"/> No	-----
d. Sarcoma (muscle or bone cancer)	<input type="radio"/> Yes <input type="radio"/> No	-----

### **Direct-to-Consumer (DTC) Genetic Testing**

Some companies are selling genetic tests for cancer risk on the internet, without the need to involve your doctor. Anyone can buy these tests online, get a testing kit in the mail, collect their spit in a special cup or tube, and mail the test kit back to the company for analysis. Examples of companies offering this "direct-to-consumer" testing include **23andMe**, **AncestryDNA**, and **Color**.

H7. How much have you...

	Not at all	A little bit	Somewhat	Quite a bit	A lot
a. Talked with a health care provider about getting one of these tests	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b. Talked with family or friends about getting one of these tests	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
c. Researched these types of tests online	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

H8. Have you ever taken a direct-to-consumer genetic test for cancer risk that you ordered on the internet? **Examples include 23andMe, AncestryDNA, and Color.**

☐ Yes

☐ **Continue with Section I on the next page**

H9. Which direct-to-consumer genetic tests for cancer risk have you taken?

Yes No

<input type="radio"/>	<input type="radio"/>	a. 23andMe
<input type="radio"/>	<input type="radio"/>	b. AncestryDNA
<input type="radio"/>	<input type="radio"/>	c. Color
<input type="radio"/>	<input type="radio"/>	d. Something else (please explain): _____

H10. How long has it been since you last had a direct-to-consumer genetic test for cancer risk that you ordered on the internet?

- ☐ Never
- ☐ Within the past 2 years
- ☐ 2-5 years ago
- ☐ More than 5 years ago

H11. What were the results of your most recent direct-to-consumer genetic test for cancer risk?

**Please mark ALL that apply.**

- ☐ Negative – I did not have any mutations in the gene tests
- ☐ Positive for a gene mutation
- ☐ Uncertain – a variant of uncertain significance (VUS) was found
- ☐ Something else (please explain): \_\_\_\_\_
- ☐ I don't know the results

H12. How much have you talked with the following people about the results of your direct-to consumer genetic test(s) for cancer risk?

	Not at all	A little bit	Somewhat	Quite a bit	A lot
a. Your primary care provider	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
b. Your oncology provider	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

The next questions ask about Cannabis (also called marijuana or hemp) use. **Cannabis means all forms and preparations of Cannabis, such as smoked, inhaled, eaten, or applied to the skin and those with or without THC (the ingredient that makes you feel “high”).** CBD oil and Rick Simpson Oil (RSO) are commonly-used preparations of Cannabis.

J7. **Since you finished your primary treatment for breast cancer**, have you talked with a health care provider about using or trying any form of Cannabis to manage ongoing issues related to your breast cancer or its treatment? **Please mark ALL that apply.**

- ☐ My primary care provider
- ☐ My oncology provider
- ☐ Another health care provider (please explain): \_\_\_\_\_
- ☐ N/A – I have not discussed it with any health care providers

J8. **Since you finished your primary treatment for breast cancer**, have you used Cannabis to manage ongoing issues related to your breast cancer or its treatment?

☐ No → **Please go to Section K on page 32**

☐ Yes, but not within the past 12 months →

☐ Yes, within the past 12 months

J8a. Why did you stop using Cannabis?  
**Please mark ALL that apply.**

- ☐ It was not effectively controlling my symptoms
- ☐ I didn't like that it changed my thinking, focus, and/or concentration
- ☐ It made depressed or anxious
- ☐ It made me nauseous
- ☐ My health care provider told me to stop
- ☐ Some other reason (please explain):

\_\_\_\_\_  
\_\_\_\_\_

Please tell us about your typical use of Cannabis, **even if you are no longer using it.**

J9. When was the first time you used Cannabis to manage ongoing issues related to your breast cancer or its treatment?

\_\_\_\_\_ YYYY

J10. How often do you use Cannabis to manage ongoing issues related to your breast cancer or its treatment?

- ☐ Once or twice – I’ve tried it but don’t use it regularly
- ☐ A few times a year
- ☐ A few times a month
- ☐ A few times a week
- ☐ Once a day
