Training, Wellness ^{trw}

The American College of Preventive Medicine (ACPM) is the national professional society for preventive medicine physician specialists. ACPM advances the science and practice of disease prevention and health promotion and provides leadership in research, professional education, development of public policy, and enhancement of standards for preventive medicine. Visit ACPM's web site at www.acpm.org.

Conferences ^{con}

Prevention 2000, the 17th Annual National Preventive Medicine Conference, Atlanta, 3/23-26/2000. About 1,000 attendees.

Publishers ^{pub}

Founded in 1954, the ACPM is the national professional society of physicians engaged in the practice, teaching and research of preventive medicine. Committed to preventing disease and promoting the health of the individual, the community and the nation, the College's goals focus on advancing the science and art of the medical specialty of preventive medicine. ACPM provides educational opportunities for its members; advocates public policies consistent with scientific principles of the discipline; participates in national forums to address important professional concerns; and communicates developments in the specialty through its publications.

IN THIS ISSUE:

- **1999 Minority Visiting Professorship Program Call For Applications****
- **ATPM Annual Special Recognition Awards****
- **ATPM/AAMC Plenary Session at AAMC Annual Meeting****
- **Employment Opportunities****

1. 1999 MINORITY VISITING PROFESSORSHIP PROGRAM CALL FOR APPLICATIONS

The Association of Teachers of Preventive Medicine (ATPM) in collaboration with the Centers for Disease Control and Prevention (CDC)/Agency for Toxic Substance and Disease Registry (ATSDR), the Public Health Practice Program Office (PHPPO) and the Office of Minority Health (OMH) are pleased to announce a call for applications for the **1999 Minority Visiting Professorship Program (MVP)**. Up to six medical schools or health science campuses will receive funding to bring a distinguished minority preventive medicine specialist to their campus for three-to-five days. The visiting professor will have the opportunity to interact with medical students, residents, the faculty, administration, as well as other invited students and health professionals.
