INTRODUCTION

This publication is a cumulative catalog of all National Institute for Occupational Safety and Health (NIOSH) numbered publications, health hazard evaluation reports, technical assistance reports, and other educational and training materials currently available. Each NIOSH document is indexed by primary subject(s) and may appear under more than one subject term. The catalog is arranged alphabetically by subject. Please note that because of printing deadlines, the documents listed on the first several pages could not be indexed and so appear there unordered. The first subject term is "ABIETIC-ACIDS" and appears on page 4.

The citation for each NIOSH document includes the following information: complete title, number of pages, contract number (where applicable), NIOSH publication number, and an indication of whether the document is available from NIOSH, the U. S. Government Printing Office (GPO), or the National Technical Information Service (NTIS). For many documents available from NTIS, a document number is also listed as an additional identifier. Two sample citations for documents listed under the subject "RADIATION" are shown below.

ORDERING INFORMATION

Availability

The availability of each NIOSH document is described at the end of the citation. Following the notation "AVAIL" is a list of up to three sources (GPO, NTIS, or NIOSH) from whom the document can be obtained. For GPO and NTIS, the stock number and price are listed; for NIOSH, only the publication number is given. For example, the publication shown in sample 1 on the preceding page is available only from GPO and NTIS, while the document in sample 2 is available only from GPO and NIOSH. Note that the NIOSH publication number is listed as a separate line for those publications that are not available from NIOSH (see sample 1). Only a single, complimentary copy of those documents available from NIOSH (see below) will be provided while the supply lasts. Multiple copies must be obtained from GPO or NTIS. Specific ordering instructions are given below.

To Order from NIOSH

An "AVAIL:NIOSH" notation in the citation indicates that a single, complimentary copy of the publication may be requested from NIOSH while the supply lasts (see sample 2). Those documents with only the notation "NIOSH PUB NO" are NOT available from NIOSH (see sample 1). Also, availability of publications from NIOSH is subject to change without notice. Requests for single copies should be sent to:

Publications Dissemination, DTS
National Institute for Occupational Safety and Health
4676 Columbia Parkway
Cincinnati, Ohio 45226

For your convenience, a NIOSH order form is provided on page ix. Include both the NIOSH publication number and title. Please limit your selections to not more than 10 titles.

PLEASE ENCLOSE SEVERAL SELF-ADDRESSED RETURN MAILING LABELS TO EXPEDITE YOUR REQUEST.

DO NOT SEND CHECKS, MONEY ORDERS, OR CASH TO NIOSH.

DO NOT SEND THE NIOSH ORDER FORM ON PAGE ix TO GPO OR NTIS.

To Order from GPO

NIOSH publications listed as being available from GPO may be obtained from:

Superintendent of Documents
U.S. Government Printing Office
Washington, D.C. 20402

NOTE: GPO stock may become exhausted and therefore unavailable without notice.

Publications may be ordered directly from GPO by using the facsimile order form on page xi. READ ALL INSTRUCTIONS BEFORE ORDERING (disregard instruction 2 on the back of this form regarding multiple copies). Enter the GPO number shown in this catalog in the space marked "Stock No." Note that GPO requires prepayment (check or money order) or Master Charge or VISA credit card number with your order. Customers with GPO deposit accounts may order using existing deposit account procedures.

FOREIGN GPO ORDERS - For customers outside the U.S., note the additional 25% charge and the three acceptable methods of payment.

DO NOT SEND GPO ORDER FORMS TO NIOSH OR NTIS.

To Order from NTIS

NIOSH publications listed as being available from NTIS may be obtained from:

National Technical Information Service
Springfield, Virginia 22161
(Order Desk Telephone is (703) 557-4650)

Publications may be ordered directly from NTIS by using the facsimile order form on page xiii. READ ALL INSTRUCTIONS BEFORE ORDERING. Enter the NTIS number shown in this catalog in the space marked "ITEM NUMBER." If this catalog shows a blank or asterisked price field following the NTIS number, contact NTIS for the current price before ordering. Note that the extra \$5.00 ship and bill charge is also added to all non-prepaid purchase orders.

NTIS provides NIOSH publications in both paper copy and microfiche. The paper copy price is listed in this catalog following the NTIS stock number. The NTIS price for microfiche copy of most NIOSH documents is \$3.00. However, all microfiche prices should be checked with NTIS before ordering. All NTIS prices are subject to change without notice.

FOREIGN NTIS ORDERS - NTIS has established a worldwide network of agents from whom NTIS documents can be obtained. If you are ordering from one of the eight countries specified on page viii, you must order from the applicable NTIS agent; orders sent directly to NTIS will be returned. Because prices of NTIS publications may vary with each agent, it is recommended that you first contact your agent before ordering. If you are ordering from countries other than the eight specified, you may send your order to NTIS in the United States. NTIS prices for these foreign orders are double those shown in this catalog. Payment is required in U.S. currency.

DO NOT SEND NTIS ORDER FORMS TO NIOSH OR GPO.
