

JOB SAFETY AND HEALTH SERVICES FOR EMPLOYEES AND EMPLOYERS

ATTENTION EMPLOYEES AND EMPLOYERS!

Passage of the Occupational Safety and Health Act of 1970 has brought with it a number of service programs from the Federal Government . . . including services from the National Institute for Occupational Safety and Health (NIOSH). NIOSH is a component of the Public Health Service, U.S. Department of Health, Education, and Welfare.

Here are some of the services NIOSH can offer to private industry — use the addresses provided to obtain further information:

Hazard Evaluations Performed at Your Worksite

Employers and employees covered by the Occupational Safety and Health Act of 1970 are eligible to submit requests for on-site evaluations of potentially toxic substances used or found on the job. The Hazard Evaluation Program of NIOSH is strictly a service function. It is not part of an enforcement activity. For a copy of the official request form, and for more details about this service, write to:

Hazard Evaluation Services
Division of Technical Services
NIOSH, Post Office Building
Cincinnati, Ohio 45202

Technical Information Services

NIOSH maintains a job safety and health technical information center. Employers or employees who have questions concerning the health or safety conditions of their workplaces (such as the possible hazards of working with specific solvents, when to use protective equipment, etc.) are encouraged to write to:

Technical Information Services
Division of Technical Services
NIOSH, Post Office Building
Cincinnati, Ohio 45202

Accident Prevention Services

Direct technical assistance is available to employers and employees for controlling on-the-job injuries resulting from ac-

cidents. Consultation in accident prevention is available and includes the evaluation of special problems and recommendations for corrective action — write to:

Accident Prevention Services
Division of Technical Services
NIOSH, Post Office Building
Cincinnati, Ohio 45202

Industrial Hygiene Services

Technical assistance in the areas of engineering and industrial hygiene are also available to employers and employees. These services include the evaluation of special health-related problems in the workplace and recommendations for control measures. Write to:

Industrial Hygiene Services
Division of Technical Services
NIOSH, Post Office Building
Cincinnati, Ohio 45202

Medical Services

Assistance in solving occupational medical and nursing problems in the workplace are available at the address below. These services include the assessment of existing medically related needs and the development of recommended means for meeting those needs. Write to:

Medical Services Branch
Division of Technical Services
NIOSH, Post Office Building
Cincinnati, Ohio 45202

All of the above services are provided by the National Institute for Occupational Safety and Health. They are carried out in the present constraints of time and manpower. Employers and employees seriously concerned about specific safety and health hazards in their work sites are encouraged to contact NIOSH at the address provided above. For general information about the overall work of NIOSH, contact:

Office of Public Information
NIOSH, Post Office Building
Cincinnati, Ohio 45202
