

# NIOSH Training for Nurses on Shift Work and Long Work Hours

DHHS (NIOSH) Publication Number 2015-115

(Revised October 2021)

## Training and Education

**CDC Course Numbers: WB4217 and WB4218**

### Course Description

The purpose of this online training program is to educate nurses and their managers about the health and safety risks associated with shift work, long work hours, and related workplace fatigue issues and relay strategies in the workplace and in the nurse's personal life to reduce these risks. Part 1 (CDC Course No. WB4217) is designed to increase knowledge about the wide range of risks linked to these work schedules and related fatigue issues and promote understanding about why these risks occur. This knowledge provides background information for Part 2 of the training program. Part 2 (CDC Course No. WB4218) is designed to increase knowledge about personal behaviors and workplace systems to reduce these risks. Content for this training program is derived from scientific literature on shift work, long work hours, sleep, and circadian rhythms.

### Technical Requirements

Computer hardware (desktop, laptop, tablet, mobile devices); internet connection.

### Instructions for obtaining continuing education (CE)

In order to receive continuing education (CE) for WB4217 NIOSH Training for Nurses on Shift Work and Long Work Hours Part 1 and WB4218 NIOSH Training for Nurses on Shift Work and Long Work Hours Part 2, please visit [TCEO](#) and follow these [9 Simple Steps](#) before October 15, 2021.

### Learning Objectives

In this training, you will receive scientific information about the risks of shift work and long work hours and strategies to reduce these risks.

The training contains 12 modules that are divided into two parts. **Other Resources** at the end gives a list of more information about work schedules and sleep.

Part 1 includes **Modules 1 to 4**. Persons completing Part 1 can obtain continuing education (CE) for nurses and other health professionals. Part 1 has three overarching learning objectives.

1. Explain why scientists think shift work and long work hours are linked to health and safety risks.
2. Identify the health and safety risks that are linked to shift work and long work hours.
3. Identify individual factors that can lead to differences in a nurse's ability to adjust to shift work and long work hours.

Part 2 includes **Modules 5 to 12** that cover strategies to reduce risks. Persons completing Part 2 can obtain continuing education (CE) for nurses and other health professionals. Part 2 has two overarching learning objectives.

1. Identify workplace strategies managers can implement to reduce risks from shift work and long work hours.
2. Identify strategies nurses can implement in their personal lives to reduce risks from shift work and long work hours.

## Target Audience

Registered Nurses, administrators and safety professionals

## Prerequisites

There are no prerequisites for this course.

## Accreditation Statements

### WB4217 NIOSH Training for Nurses on Shift Work and Long Work Hours, Part 1

**CNE:** The Centers for Disease Control and Prevention is accredited as a provider of Continuing Nursing Education by the American Nurses Credentialing Center's Commission on Accreditation.

This activity provides **1.5 contact hours**.

**CEU:** The Centers for Disease Control and Prevention is authorized by IACET to offer **0.2 CEU's** for this program.

**For Certified Public Health Professionals (CPH):** The Centers for Disease Control and Prevention is a pre-approved provider of Certified in Public Health (CPH) recertification credits and is authorized to offer **2 CPH recertification credits** for this program.

### WB4218 NIOSH Training for Nurses on Shift Work and Long Work Hours, Part 2

**CNE:** The Centers for Disease Control and Prevention is accredited as a provider of Continuing Nursing Education by the American Nurses Credentialing Center's Commission on Accreditation.

This activity provides **1.7 contact hours**.

**CEU:** The Centers for Disease Control and Prevention is authorized by IACET to offer **0.2 CEU's** for this program.

**For Certified Public Health Professionals (CPH):** The Centers for Disease Control and Prevention is a pre-approved provider of Certified in Public Health (CPH) recertification credits and is authorized to offer **2 CPH recertification credits** for this program.

## Disclosure Statement

In compliance with continuing education requirements, all presenters must disclose any financial or other associations with the manufacturers of commercial products, suppliers of commercial services, or commercial supporters as well as any use of unlabeled product(s) or product(s) under investigational use.

CDC, our planners, content experts, and their spouses/partners wish to disclose they have no financial interests or other relationships with the manufacturers of commercial products, suppliers of commercial services, or commercial supporters. Planners have reviewed content to ensure there is no bias.

Content will not include any discussion of the unlabeled use of a product or a product under investigational use.

CDC did not accept commercial support for this continuing education activity.

**Fees:**

No fees are charged for CDC’s CE activities.

## Contact Information
