How to Tell if Your N95[®] Respirator is NIOSH Approved

DHHS (NIOSH) PUBLICATION NUMBER 2023-120

MARCH 2023

This video explains how to determine if an N95[®] filtering facepiece respirator is NIOSH approved, including required labeling and where to look to confirm an approval number. Additionally, it provides tips for how to recognize counterfeit and misrepresented respirators. The video is based off the [fact sheet](#) of the same name.

N95 is a certification mark of the U.S. Department of Health and Human Services (HHS) registered in the United States and several international jurisdictions.
