

# National HIV/AIDS Clinicians' Consultation Center

## Warmline

HIV/AIDS clinical and drug information through individualized case consultation.

- Antiretroviral treatment options
- Drug interactions & toxicity
- Resistance testing
- OI prophylaxis & management

**National HIV Telephone Consultation Service**

**1-800-933-3413**

**Monday - Friday 9am to 8pm EST**

Voice mail available 24 hours a day, 7 days a week

## PEPline

Around-the-clock advice for health care providers managing occupational exposures to HIV and hepatitis B/C.

Exposure to HIV, hepatitis, or other blood-borne pathogens requires a prompt, individualized response. Call for immediate expert advice.

**Clinical resources for health care providers caring for persons with HIV/AIDS or managing occupational exposures to blood-borne pathogens.**

**National Clinicians' Post-Exposure  
Prophylaxis Hotline**

**1-888-448-4911**

**24 hours a day • 7 days a week**

## Who should call the **Warmline**?

Physicians, nurses, nurse practitioners, physician assistants, pharmacists, dentists, and other health care providers caring for persons with HIV/AIDS.

## Who should call the **PEPline**?

Clinicians caring for health care workers who are exposed to blood-borne pathogens. Exposed health care workers are encouraged to first seek prompt local medical attention.

### **NCCC Faculty**

**Warmline** and **PEPline** calls are answered by UCSF faculty physicians, clinical pharmacists, and nurse practitioners.

**Warmline** and **PEPline** are free services for health care providers.
