HAN Coordinators' Daily Report

September 28, 2001

To All HAN Coordinators:

On behalf of the CDC Health Alert Network Command Center, we thank you for your continued partnership.

There have been **NO** health alerts/advisories/updates since the September 14 CDC Health Update - End of Week Report.

If your health agency has initiated any other additional updates and/or communications with your local jurisdictions, please let us know. We appreciate receiving your information which is used to assist us in improving The Health Alert Network. All the staff at CDC have been impressed with your success in mobilizing your Health Alert Networks.

We continue to request your feedback, comments, and suggestions for preparedness and communications.

The Command Center can be reached by E-mail at healthalert@cdc.gov.

CDC's 24/7 Emergency Hotline is **770-488-7100** and access to CDC via the Web can be gained at www.hhs.gov
The Centers for Disease Control and Prevention (CDC) protects people's health and safety by preventing and controlling diseases and injuries; enhances health decisions by providing credible information on critical health issues; and promotes healthy living through strong partnerships with local, national and international organizations.
