

ORS (Oral Rehydration Solution) for Symptoms of Ebola

Give ORS **IMMEDIATELY** if you see any of these symptoms of Ebola:

Fever

Vomiting

Diarrhea

How to Safely Give ORS

Mix 1 ORS packet in 3 pints (1 liter) of safe drinking water.

Pour mixture into a cup (or bottle). Take care to avoid touching the patient cup, bottle, or other belongings. Do NOT share the ORS, cup, or bottle with others.

- Encourage children and adults to drink ORS frequently if they have diarrhea or vomiting.
- Store unused ORS in a covered container.
- Throw away unused ORS each day.
- Stop ORS when diarrhea and vomiting stops.
