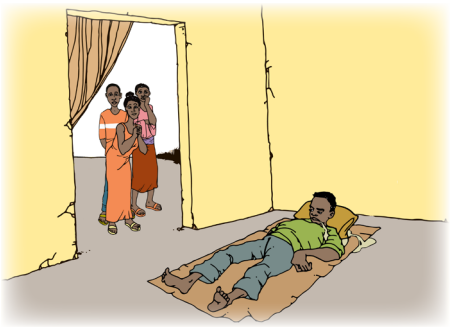
Liberians in the US: Be a hero

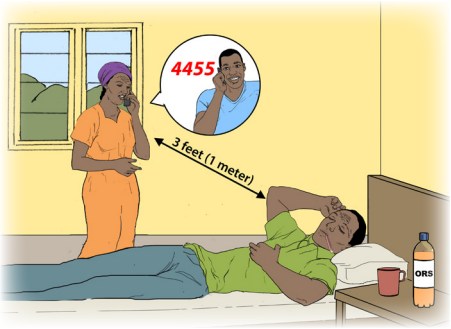
Tell your family and friends in Liberia



Do NOT touch sick people, or their blood or other body fluids.

Don't touch the body of someone who has died of Ebola.

Bury all dead bodies safely.

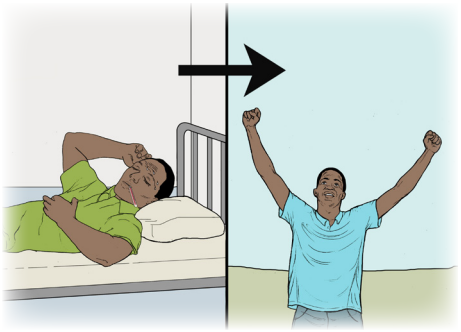


Call 4455 in Liberia if you have symptoms of Ebola.

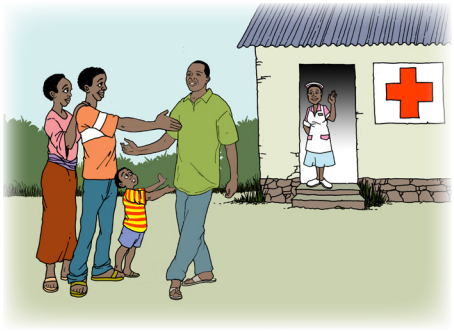
Separate sick family members

Get care early if you develop symptoms.

Health workers in the treatment center are there to help you.



You CAN survive Ebola. Get treatment early.



Ebola survivors are safe to be around. Support them in your community.

Together we can get to zero!
