Public reporting burden of this collection of information is estimated to average 20 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer; 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-0728).

Laboratory Evide	ence of infection
Detection or Isolation F. tularensis cultured? Yes No Unknown	Serology: None Single positive titer ≥4-fold change in titer
Specimen source Date specimen collected	Notice Shigle positive titel 24-lold change in titel
(e.g., blood, wound swab)	Serum 1:
mm/dd/yyyy	Date drawnmm/dd/yyyy
If not cultured, presence of F. tularensis detected?	Titer:
Yes No Unknown	
Specimen source Date specimen collected	Serum 2:
	Date drawn
mm/dd/yyyy	Titer:
Test performed (e.g., DFA or PCR)	
F. tularensis subspecies:	
Type A (i.e., tularensis) Type B (i.e., holarctica) Unknown	
Tularemia (Case Status
Confirmed A clinically-compatible case with either <i>F. tularensis</i> antibody titer	s cultured from a clinical specimen or ≥4-fold change in serum
Probable A clinically-compatible case with either detection ((not isolation) of <i>F. tularensis</i> in a clinical specimen or a single
positive antibody titer (or <4-fold change in titer)	,
Not a case	
Epidemiologic	Investigation
Was this illness epi-linked to any other tularemia cases? Yes	No Unknown Specify:
Was this illness associated with travel? Yes	No Unknown Specify:
Possible routes of exposure: In the 2 weeks preceding illness, did	d the patient report:
l	
Animal contact? Yes No Unknown) Demostic not (exerting
Animal contact? Yes No Unknown If yes, type of animal Wild (specify: What was the nature of the contact? Bitten Scratched	, , , , , , , , , , , , , , , , , , , ,
If yes, type of animal Wild (specify:) Domestic pet (specify:) Disposed/handled deceased animal Consumed hunted game meat
If yes, type of animal Wild (specify:	Disposed/handled deceased animal
If yes, type of animal Wild (specify: What was the nature of the contact? Bitten Scratched Cleaned carcass Tick or deerfly bite? Tick Deerfly No Unknown Contact with or ingestion of untreated water? Yes No U	Disposed/handled deceased animal Consumed hunted game meat n insect type Unknown
If yes, type of animal Wild (specify: What was the nature of the contact? Bitten Scratched Cleaned carcass Tick or deerfly bite? Tick Deerfly No Unknown Contact with or ingestion of untreated water? Yes No Unknown Environmental aerosol-generating activities (e.g., brush-cutting, leading)	Disposed/handled deceased animal Consumed hunted game meat n insect type Unknown lawnmowing, high-pressure spraying)?
If yes, type of animal Wild (specify:	Disposed/handled deceased animal Consumed hunted game meat n insect type Unknown lawnmowing, high-pressure spraying)?
If yes, type of animal Wild (specify: What was the nature of the contact? Bitten Scratched Cleaned carcass Tick or deerfly bite? Tick Deerfly No Unknown Contact with or ingestion of untreated water? Yes No Unknown Environmental aerosol-generating activities (e.g., brush-cutting, leading)	Disposed/handled deceased animal Consumed hunted game meat n insect type Unknown lawnmowing, high-pressure spraying)?
If yes, type of animal Wild (specify:	Disposed/handled deceased animal Consumed hunted game meat n insect type Unknown lawnmowing, high-pressure spraying)?
