

# WHEN TO TEST FOR ZIKA VIRUS

As a healthcare provider, you decide if a patient should be tested for Zika virus infection. The algorithm below will help you determine whether or not to test your patient for Zika virus infection. For information on which test to use, see [CDC's interim guidance](#).

**CDC does not recommend Zika virus testing for asymptomatic**

- Men
- Children
- Women not trying to get pregnant

**U.S. Department of Health and Human Services**  
Centers for Disease Control and Prevention
