

Contact Lens Health Week

August 22-26, 2016

The week of August 22-26, 2016 marks the third annual **Contact Lens Health Week!** This year's campaign theme is *Healthy habits mean healthy eyes.*

Contact Lens Health Week 2016 includes messages and materials suitable for all contact lens wearers and eye care providers. Additionally, the campaign emphasizes a focus on children, young adults, and their parents in order to start healthy habits young. Reinforcing proper contact lens wear and care can promote good vision and healthy eyes throughout the year and throughout life.

To encourage and support your Contact Lens Health Week, we have provided a campaign promotion toolkit, which includes

- Promotion and outreach suggestions
- Web-based resource list
- Social media messages
- Sample newsletter announcements (short and long versions)
- Additional contact lens health promotion materials
- Campaign posters

We hope you find these materials useful as you engage your community in healthy contact lens wear and care awareness efforts. Please forward this message and its attachments to your colleagues, friends, and family so they may collaborate with you on this important public health initiative.

For additional information about Contact Lens Health Week and resources for promoting health contact lens wear and care throughout the year, visit www.cdc.gov/contactlenses.

Promotion and Outreach Suggestions

All Partner Organizations

- Create a Contact Lens Health Week page on your organization's website.
 - Copy content from CDC's Healthy Contact Lens Wear and Care website: www.cdc.gov/contactlenses
 - Web syndication information: <http://tools.cdc.gov/syndication>
 - Link to CDC's Healthy Contact Lens Wear and Care website.
 - Add campaign web buttons and banners to your website: <http://www.cdc.gov/contactlenses/buttons-banners.html>
- Include a campaign announcement in your newsletter (see *Sample Newsletter Announcement*).
- Share contact lens health tips on social media (campaign hashtag: #OnePairTakeCare)
- Join our Twitter chat during the campaign week at #HealthyContactsChat

Schools and University Campuses

- **Order FREE POSTERS** and display in schools and on university campuses: <http://www.cdc.gov/contactlenses/posters.html>
- Share contact lens health tips on social media (#OnePairTakeCare).
- Include an announcement in your school newsletter (see *Sample Newsletter Announcement*).
- Announce Contact Lens Health Week at Parent Teacher Association meetings.

Eye Care Providers

- **Order FREE POSTERS** to display in your office or clinic: <http://www.cdc.gov/contactlenses/posters.html>
- **Order FREE TEAR-OFF PADS** with Contact Lens Tips from CDC to hand out to patients <http://www.cdc.gov/contactlenses/tear-off-pads.html>
- Include an announcement in your local association's newsletter (see *Sample Newsletter Announcement*).
- Read and share the CDC Morbidity and Mortality Weekly Report article on contact lens-related complications (www.cdc.gov/mmwr, August 21 release date).
- Follow us on Facebook (www.facebook.com/CDC), and share our contact lens health tips (#OnePairTakeCare).
- For more information and resources about healthy contact lens wear and care, connect with the American Optometric Association, American Academy of Optometry, American Academy of Ophthalmology, Contact Lens Society of America, National Academy of Opticianry, Contact Lens Association of Ophthalmologists, or other relevant associations.

Contact Lens Wearers, Parents, and Friends

- Follow us on Twitter @CDC_NCEZID (https://twitter.com/CDC_NCEZID), @CDCgov (<https://twitter.com/cdcgov>), and Facebook (www.facebook.com/CDC), and use the campaign hashtag #OnePairTakeCare.
- Share your story about contact lenses on social media.
- Visit our website (www.cdc.gov/contactlenses) to learn and share CDC contact lens tips.
- Tell your family and friends about Contact Lens Health Week.

For additional information and health promotion tools, visit www.cdc.gov/contactlenses.

Sample Newsletter Announcement (Short Version)

Promote Contact Lens Health Week by including this announcement in a newsletter, other publication, or webpage.

The Centers for Disease Control and Prevention (CDC), in close collaboration with partners, is promoting the third annual Contact Lens Health Week during August 22-26, 2016. This year's campaign theme is "Healthy habits mean healthy eyes." The campaign aims to promote healthy contact lens wear and care practices that can help reduce the risk of eye infections and complications associated with improper contact lens use. This year's campaign includes messages and materials suitable for all contact lens wearers and eye care providers, but emphasizes a focus on children, young adults, and their parents in order to start healthy habits young. For more information on Contact Lens Health Week, a campaign promotion toolkit, **free posters**, and other resources for promoting healthy contact lens wear and care throughout the year, visit www.cdc.gov/contactlenses.

Sample Newsletter Announcement (Long Version)

Promote Contact Lens Health Week by including this announcement in a newsletter, other publication, or webpage.

The Centers for Disease Control and Prevention (CDC), in close collaboration with partners, is promoting the third annual Contact Lens Health Week during August 22-26, 2016. This year's campaign theme is "Healthy habits mean healthy eyes." The campaign aims to promote healthy contact lens wear and care practices that can help reduce the risk of eye infections and complications associated with improper contact lens use. Health messages cover three key areas:

1. Healthy contact lens hygiene habits
2. Proper use, care, and storage of contact lenses and supplies
3. Regular visits to an eye care provider

Contact Lens Health Week 2016 includes messages and materials suitable for all contact lens wearers and eye care providers. Additionally, the campaign emphasizes a focus on children, young adults, and their parents in order to start healthy habits young. Reinforcing proper contact lens wear and care can promote good vision and healthy eyes throughout the year and throughout life. Campaign messages are relevant to contact lens wearers of all ages.

CDC has developed a number of materials for partners to help promote Contact Lens Health Week:

- CDC Morbidity and Mortality Weekly Report article reviewing reports of contact lens-associated eye infections entered into FDA's Medical Device Report Database (to be released August 18).
- List of promotion and outreach suggestions
- Web-based resource list
- Collection of campaign messages for use on social media
- Sample newsletter announcements
- Posters and web buttons
- **FREE** printed posters to display in offices, schools, and health centers

For more information on Contact Lens Health Week, a campaign toolkit, and resources for promoting healthy contact lens wear and care throughout the year, visit www.cdc.gov/contactlenses.
