

National HIV Testing Day 2010 PSA (:30)

Do *you* know *your* status? Over one million people in the United States have HIV, but almost one in five doesn't know it. Early diagnosis and treatment saves lives. To find a testing location near you, visit hivtest.org or text your zip code to KNOW IT, that's 566948. Take the Test. Take Control.

A message from the Centers for Disease Control and Prevention.
