# DO YOUR PART

for Vaccine Safety — Report to VAERS

If one of your patients becomes ill after being vaccinated, promptly report it to the Vaccine Adverse Event Reporting System (VAERS), even if you are not sure that the vaccine caused the illness

As a healthcare provider, you can help to ensure the safety of vaccines given to patients in the United States by reporting adverse events to VAERS

- You may report to VAERS online or download and print a VAERS form at www.vaers.hhs.gov

- For additional information on VAERS, call (800) 822-7967

VAERS
Vaccine Adverse Event Reporting System

VAERS is a national vaccine safety surveillance program, co-sponsored by the Centers for Disease Control and Prevention (CDC) and the Food and Drug Administration (FDA). VAERS is a post-licensure surveillance program that collects information about adverse events (possible side effects) that occur after the administration of vaccines licensed for use in the United States.
