eTable 1. Exposure to Program Elements Among 7-Month Survey Respondents

eTable 2. Self-reported Educational and Behavioral Changes Among Evaluable Postnatal and 7-Month Survey Respondents

This supplementary material has been provided by the authors to give readers additional information about their work.

eTable 1. Exposure to Program Elements Among 7-Month Survey Respondents

What part(s) of the shaken baby program did you receive?	Mothers	Fathers
Read a pamphlet/brochure	91/97 (93.8%)	41/42 (97.6%)
Watched a video	71/96 (74.7%)	26/42 (61.9%)
Talked with a nurse	82/96 (85.4%)	33/42 (78.6%)
Saw posters on the maternity unit	79/97 (80.4%)	34/42 (81.0%)
Signed a paper or form	94/96 (97.9%)	41/42 (97.6%)

Denominator indicates total number of survey respondents answering each individual question.

eTable 2. Self-reported Educational and Behavioral Changes Among Evaluable Postnatal and 7-Month Survey Respondents

	Mothers		Fathers	
	Postnatal	7-month	Postnatal	7-month
I learned a lot about normal infant crying*	10 958/12 041 (91.0%)	84/98 (85.7%)	2950/3329 (88.6%)	38/44 (86.4%)
I learned a lot about calming my baby*	11 023/11 956 (92.2%)	79/99 (79.8%)	2923/3287 (88.9%)	33/44 (75.0%)
I learned a lot about keeping myself calm*	11 396/12 050 (94.6%)	84/99 (84.8%)	3035/3302 (91.9%)	39/44 (88.6%)
I learned a lot about choosing other caregivers for my baby*	10 060/11 816 (85.1%)	73/99 (73.7%)	2688/3222 (83.4%)	31/44 (70.5%)
This information will decrease the likelihood that parents will shake a baby*	11 435/12 057 (94.8%)	90/98 (91.8%)	3201/3342 (95.8%)	40/42 (92.2%)
I thought about this information while my baby was crying	N/A	74/99 (74.7%)	N/A	35/44 (79.5%)
This information helped me select other people to care for my child	N/A	74/98 (75.5%)	N/A	31/44 (70.5%)
Based on this information I decided not to leave my baby alone with somebody else	N/A	27/97 (27.8%)	N/A	11/42 (26.2%)
I have shared this information with others	N/A	46/98 (46.9%)	N/A	15/43 (34.9%)

Denominator indicates total number of survey respondents answering each individual question.

* Percentage of respondents who responded to each individual statement with “strongly agree” or “agree.”
