

Literature search topics, search terms, search period, and references selected

| Topic | Search terms | Search period | References |
|---|--|-------------------------------------|------------|
| Diphtheria and tetanus toxoids and acellular pertussis (DTaP) vaccine | | | |
| Post-licensure safety | DTaP, diphtheria-tetanus-pertussis vaccine, vaccine safety, co-administration, simultaneous, milk allergy, adverse event | January 1, 1990 – April 1, 2017 | 1-28 |
| Vaccine effectiveness | DTaP, vaccine effectiveness | January 1, 2005 – December 31, 2013 | 29-32 |
| Tetanus toxoid, reduced diphtheria toxoid and acellular pertussis (Tdap) vaccine | | | |
| Post-licensure safety | Tdap, tetanus-diphtheria-pertussis vaccine, vaccine safety, adverse event, co-administration, simultaneous, pregnancy | January 5, 2005 – February 28, 2017 | 33-77 |
| Vaccine effectiveness | Tdap, vaccine, effectiveness, post-partum, pregnancy, indirect, pertussis, maternal, vaccination, immunization, infant/newborn, prenatal | January 1, 2006 – February 28, 2017 | 78-94 |
| Tdap revaccination | Tdap, decennial, booster, safety, immunogenicity, revaccination, persistence, immunity | January 1, 2004 – December 31, 2015 | 95-105 |
| Timing of vaccination during pregnancy | Tdap, pregnancy, effectiveness, infant, pertussis, timing, maternal vaccination/immunization, maternal antibodies, neonates, antibody transfer | January 1, 2013 – February 28, 2017 | 106-110 |
