Source: CDC's National Program of Cancer Registries and the NCI's Surveillance, Epidemiology, and End Results Program.

Abbreviations: CI = confidence interval.

* Rates are per 1 million persons and age-adjusted to the 2000 U.S. Standard population.

† Cases included all malignant cancers (with behavior code = 3) as grouped by the International Classification of Childhood Cancer.

§ Incidence data are compiled from cancer registries that meet the data quality criteria for all years 2003–2014 (covering >99% of the U.S. population). Nevada is excluded. Registry-specific data quality information is available at <https://www.cdc.gov/cancer/npcr/uscs/pdf/uscs-2014-technical-notes.pdf>.

¶ States are grouped by U.S. Census region.
