

## Errata

### Vol. 63, No. 49

In the report, “State Laws Prohibiting Sales to Minors and Indoor Use of Electronic Nicotine Delivery Systems — United States, November 2014,” on page 1149, in Figure 2, “States with and without laws prohibiting smoking and use of electronic nicotine delivery systems (ENDS) in indoor areas of private worksites, restaurants, and bars — United States, November 30, 2014,” DC was incorrectly shaded. DC should have been shaded to indicate “**Prohibits indoor smoking only.**”

In the report, “Airport Exit and Entry Screening for Ebola — August–November 10, 2014,” on page 1165, in the Figure “Number of travelers (N = 1,986\*) arriving from Guinea, Liberia, and Sierra Leone who were screened for Ebola at U.S. airports, by state and county of destination — October 11–November 10, 2014,” for Minnesota, the numeral **82** should have been included in the outline for the number of travelers to that state.

In the report, “Clinical Inquiries Regarding Ebola Virus Disease Received by CDC — United States, July 9–November 15, 2014,” errors occurred in the list of authors and their affiliations. Those should read as follows:
