

CDC STAFF PUBLICATIONS, 1954

Communicable Disease Center

1954 report from the Communicable Disease Center on the use of pesticides for controlling pests of public health importance. Pest Control. 22(3): 9-10, 12, 14, 16, 18, 20, 1954.

National Advisory Committee for the Evaluation of Gamma Globulin

Evaluation of gamma globulin in prophylaxis of paralytic poliomyelitis in 1953. J.A.M.A. 154(13):1086-1090, 1954.

-----

An evaluation of the efficacy of gamma globulin in the prophylaxis of paralytic poliomyelitis as used in the United States in 1953. Pub. Health Monogr. 20:1-178, 1954.

Abramson, S., and Lester, W., Jr.

The epidemiology of pulmonary tuberculosis: studies on the dissemination and transmission of tubercle bacilli. Bull. Alumni Assoc. School of Med., Univ. of Chicago. 10(2):11, 14, 1954.

----- and Lester, W., Jr.

The influence of relative humidity on the survival of virulent tubercle bacilli deposited on surfaces. J. Lab. & Clin. Med. 42(5):776, 1953.

Ackermann, W. W., Rabson, A., and Kurtz, H.

Growth characteristics of poliomyelitis virus in Hela cell cultures: lack of parallelism in cellular injury and virus increase. J. Exper. Med. 100(5):437-450, 1954.

Ainsworth, G. C., and Georg, Lucille K.

Nomenclature of the faviform trichophytons. Mycologia. 16(1):9-11, 1954.

Ajello, L.

Occurrence of Histoplasma capsulatum and other human pathogenic molds in Panamanian soil. Am. J. Trop. Med. 3(5):897-904, 1954.

Andrews, J. M., Grant, Jean S., and Fritz, R. F.

Effects of suspended residual spraying and of imported malaria on malaria control in the U. S. A. Bull. World Health Org. 11(4-5):839-848, 1954.

Barnes, R. C.

The Communicable Disease Center training program. Sanitarian. 17(3):140-144, 1954.

Bauer, T. J., Donohue, J. F., Larsen, W., Iskrant, A. P., and Remein, Q. R.

Do persons lost to long term observation have the same experience as persons observed? J. Am. Statist. Assoc. 49:36-50, 1954.
