General Best Practice Guidelines for Immunization

Significance: Immunization Practice Guidelines for Healthcare Providers, Pharmacists, and Public Health Officials (2013) (Immunization Practice Guidelines, 2013)

Objectives: The General Best Practice Guidelines for Immunization update and replace the General Best Practice Guidelines for Immunization (2013) (Immunization Practice Guidelines, 2013) and provide guidance for healthcare providers, pharmacists, and public health officials on the use of immunization practice guidelines.

Learning Objectives:

1. Identify the immunization practice guidelines for healthcare providers, pharmacists, and public health officials.
2. Describe the immunization practice guidelines for healthcare providers, pharmacists, and public health officials.
3. Describe the immunization practice guidelines for healthcare providers, pharmacists, and public health officials.
4. Describe the immunization practice guidelines for healthcare providers, pharmacists, and public health officials.
