SAFER · HEALTHIER · PEOPLE

Purpose of the Resolution

- The purpose of this resolution is to update the resolution to include anticipated quadrivalent influenza vaccines.

Renaming of TIV Component of the VFC Resolution

- **The resolution currently has two components:**
 - **Inactivated vaccine component, referred to as TIV**
 - **Live attenuated vaccine component, referred to as LAIV**
- **The proposed change is to replace the abbreviation TIV with the abbreviation IIV (Inactivated Influenza vaccine)**
- **There are no other proposed changes to the VFC influenza resolution that was approved June 2012.**
